Preface	v
Acknowledgements	vi
Contributors	x

Topics	Page
1 Age-related macular degeneration	1
2 Angle closure glaucoma	6
3 Anisocoria	10
4 Anterior uveitis	14
5 Benign lid lesions	17
6 Biometry and lens implant power calculation	22
7 Birdshot chorioretinopathy	29
8 Blepharitis	32
9 Blepharoptosis	35
10 Carotid-cavernous fistula	39
11 Cataract – acquired	43
12 Cataract – complications of surgery	50
13 Cataracts – congenital	55
14 Central serous chorioretinopathy	59
15 Chalazion	63
16 Chemical injuries	67
17 Conjunctivitis	72
18 Contact lens-related problems of the eye	75
19 Corneal dystrophies	79
20 Corneal ectasia	84
21 Corneal grafts	90
22 Corneal topography	94
23 Cranial nerve palsy – abducens nerve palsy	98
24 Cranial nerve palsy – facial nerve palsy	101
25 Cranial nerve palsies – multiple cranial nerves palsies	104
26 Cranial nerve palsy – oculomotor (third) nerve palsy	109
27 Cranial nerve palsy – trochlear nerve palsy	113
28 Diabetic eye disease	116
29 Dry eye syndrome	122

30	Ectropion	125
31	Entropion	128
32	Epiphora	131
33	Episcleritis	134
34	Esotropia	137
35	Exotropia	142
36	Eyelid trauma	146
37	Femtosecond laser-assisted phacoemulsification	149
38	Full-thickness macular holes	152
39	Giant cell arteritis	156
40	Glaucoma – inflammatory	159
41	Glaucoma – medical management	162
42	Glaucoma – primary open angle	165
43	Glaucoma in children	169
44	Headache	172
45	Imaging in ophthalmology	176
46	Infectious keratitis	181
47	Intermediate uveitis	185
48	Intraocular lenses	188
49	Intravitreal injection therapies	193
50	Lacrimal infections	198
51	Lacrimal surgery	201
52	Leucocoria	205
53	Minimally invasive glaucoma surgery	208
54	Myasthenia gravis	212
55	Neovascular glaucoma	216
56	Normal tension glaucoma	219
57	Nystagmus	222
58	Ocular hypertension	226
59	Ophthalmia neonatorum	229
60	Optic disc imaging	232
61	Optic neuritis	236
62	Optic neuropathies	239
63	Orbital cellulitis	242
64	Papilloedema	245
65	Perimetry	248
66	Peripheral retinal degenerations	253

67	Pigmentary glaucoma	256
68	Posterior uveitis	259
69	Refractive surgery	263
70	Retinal arterial occlusion	267
71	Retinal detachment	270
72	Retinal dystrophies	272
73	Retinal imaging	277
74	Retinal lasers	282
75	Retinal vasculitis	286
76	Retinal vein occlusion	290
77	Retinoblastoma	294
78	Retinopathy of prematurity	298
79	Scleritis	302
80	Secondary open angle glaucoma	305
81	Sickle cell retinopathy	309
82	Strabismus surgery	312
83	Thyroid eye disease	316
84	Trauma – globe rupture	319
85	Tumours – eyelid	323
86	Tumours of the choroid	329
87	Tumours – conjunctival neoplasia	336
88	Tumours of the uvea	340
89	Tumours of the retina	345
90	Vitreoretinal surgery – retinal breaks and detachment and vitreomacular interface disorders	350
91	Vitreoretinal surgery – management of complications of cataract surgery, post-operative endophthalmitis and vitreoretinal biopsy	360
92	Vitreoretinal surgery – intraocular haemorrhage, complications of vitreoretinal surgery and modern developments	365
93	White dot syndromes	372
	Index	375
