Section 1

THE PREOPERATIVE PERIOD

1. Intravenous Anesthetic Agents and Opioids	3
<i>Rajesh Tope</i>	
2. Inhalational Anesthetic Agents	18
<i>Rajesh Tope</i>	
3. Physiology of Neuromuscular Blockade and Neuromuscular Pharmacology	32
<i>Anju R Bhalotra</i>	
4. The Anesthesia Machine	53
<i>Rajeshwari Subramaniam, Chittaranjan Joshi</i>	
5. Preoperative Evaluation of Patients	64
<i>Anjolie Chhabra</i>	

Section 2

THE INTRAOPERATIVE PERIOD

6. Monitoring the Patient under Anesthesia	87
<i>K Nirmala Devi, Rajeshwari Subramaniam</i>	
7. Vascular Cannulation	97
<i>Rajeshwari Subramaniam</i>	
8. Airway Management	102
<i>Indu Kapoor, Rajeshwari Subramaniam</i>	
9. Neuraxial (Spinal and Epidural) Blockade	121
<i>Rajeshwari Subramaniam, Rani Sunder</i>	
10. Peripheral Nerve Blocks	143
<i>Rengarajan Janakiraman</i>	
11. Fluid Therapy and Transfusion	157
<i>Rahul Seewal, Purnima Dhar, Rajeshwari Subramaniam</i>	

Section 3

THE POSTOPERATIVE PERIOD

- | | |
|--|------------|
| 12. Post-anesthesia Care
<i>Preethy Mathew</i> | 191 |
| 13. Oxygen Therapy
<i>Rajeshwari Subramaniam, K Nirmala Devi</i> | 200 |
| 14. Infection and the Anesthesiologist
<i>Ashish Malik</i> | 209 |

Section 4

CRITICAL CARE

- | | |
|--|------------|
| 15. Care of the Patient in the ICU
<i>Sumesh Arora</i> | 219 |
| 16. Cardiopulmonary Resuscitation
<i>Chittaranjan Joshi, Indu Kapoor</i> | 239 |
| <i>Index</i> | 255 |
