

Contents

1. Milestones in the Development of Early Diagnosis	1
<i>Rajalakshmi Srinivasan, Sarita Bhalerao, Usha B Saraiya</i>	
2. Cytodiagnosis	7
<i>Usha B Saraiya, Sarita Bhalerao, Sweta Shah</i>	
3. Basic Colposcopy	11
<i>Subodh K Das</i>	
4. Natural History of Cervical Neoplasia	23
<i>Antoni Basta</i>	
5. Integrated Colposcopy and Phase Contrast Microscopy	39
<i>Giovanni Miniello</i>	
6. Topography of Abnormal Colposcopy Findings Including Correlation between Colposcopy and Histology	139
<i>F Girardi</i>	
7. Colposcopy of the Atypical Transformation Zone	147
<i>Joseph Monsonego</i>	
8. Clinical Significance of Human Papillomavirus (HPV) Infection	153
<i>Usha B Saraiya, Giovanni Miniello</i>	
9. Squamous Metaplasia	161
<i>Joe Jordan</i>	
10. Terminal Vascular Network of the Cervix and Angiogenesis of Cervical Neoplasia	171
<i>Adolf Stafl</i>	
11. Cervicography	181
<i>Adolf Stafl</i>	
12. Newer Technologies in Cervical Cancer Detection	185
<i>Christine Bergeron</i>	
13. Colposcopy in Pregnancy	195
<i>Vesna Kesic</i>	
14. Current Management of Abnormal Cervical Smears in Pregnant Women	211
<i>Vesna Kesic</i>	
15. Cervical Cancer Screening of Women in Low Resource Setting	223
<i>Madhuri Patel, Usha B Saraiya, Geetanjali Amin</i>	
16. Reaching Rural Women with Cervical Cancer Screening Services	231
<i>MM Kamal</i>	
17. Reporting of Smears – Evolution of Classification	241
<i>Prakash V Patil, Sweta Shah, Usha B Saraiya</i>	

18. Twilight Zone in High Grade Cervical Cytology (ASC-H, LSIL-H) and Future Trends in Cervical Cytology	249
<i>Vinod B Shidham</i>	
19. Adenocarcinoma of the Cervix – An Emerging Issue	263
<i>Antoni Basta, Pawel Basta</i>	
20. Appropriate Management Protocols for Cervical Intraepithelial Neoplasia	277
<i>Maya Lulla, Sarita Bhalerao, Usha B Saraiya</i>	
21. Post Treatment Surveillance of Women with Squamous Intraepithelial Lesions	283
<i>Jeffery Tan</i>	
22. HPV Testing Comes of Age	287
<i>Mark Van Asten</i>	
<i>Epilogue</i>	<i>303</i>
