

Contents

1. Induction of Labour	1
Ameet Patki	
• Options 1 • Nice Guidelines 2 • Prostaglandins: Prostaglandin E2 and Prostaglandin F2 Alpha 3	
• Prevention and Management of Complications 5	
2. Threatened Miscarriage	7
Rishma Pai, Hrishikesh Pai, Deepa Talreja	
• Causes 7 • Clinical Features 8 • Differential Diagnosis 8	
• Evaluation 8 • Management 10	
3. First Trimester Screening	14
Vandana Walvekar, Preeti Deshpande	
• Types of Screening 14 • Nuchal Translucency 15	
• Septated Cystic Hygroma 17 • Nasal Bone 17	
• Ductus Venosus 18	
4. Ectopic Pregnancy	21
Nagendra Sardeshpande, Jainesh Doctor	
• Clinical Presentation 21 • Investigations 22	
• Choice of Treatment 23 • Contraindications 24	
• Factors that Impact Efficacy 24 • Outcome 24	
• Combination with Other Medications 24	
• Surgical Management 25 • Persistent Ectopic Pregnancy 27	
• Future Pregnancy 28	
5. Palpitations in Pregnancy	29
Shyam V Desai, Nitin B Rao	
• Gender Preponderance 29 • Physiological Changes in Pregnancy 29	
• Causes of Palpitations 30	
• Other Associated Symptoms 30 • Physical Examination 30	
• Investigations 31 • Cardiac Disease in Pregnancy (CARPREG) Risk Score 32	
• Labour and Delivery 34	
6. Shortness of Breath	36
Sujata Dalvi, Nishita Parekh	
• Physiology of Normal Pregnancy 36 • Dyspnoea in Pregnancy 36	
• Aetiology 37 • Steps to Ease Breathing During Pregnancy 37	
• Management 37 • History 37	
• Examination 38 • Investigations 38 • Treatment 38	

7. Vaccination in Pregnancy	41
Ashwini Bhalerao Gandhi, Mukesh Gupta	
• Prenatal Screening 41 • Food and Drug Administration Pregnancy Categories Related to Vaccines 42 • Breastfeeding and Vaccination 42 • Barriers in Vaccination in Pregnancy 42 • Hepatitis B Virus Infection in Pregnancy 44 • Varicella Infection in Pregnancy 44 • Congenital Rubella Syndrome 45 • Influenza in Pregnancy 46 • Human Papilloma Virus Vaccine in Pregnancy 47 • Recent Global Outbreaks and Need for Vaccination in Pregnancy 47 • Travel Vaccinations for Pregnant Women 48 • FOGSI Recommendations for Vaccination during Pregnancy 48 • Postnatal Vaccination 49	
8. Fever with Rash in Pregnancy	52
Sudha Tandon, Humaira Ali	
• Aetiology 52 • Types of Rash 52 • Diagnosis and Investigations 53 • Maculopapular Rash in Pregnancy 53 • Congenital Rubella Syndrome 54 • Parvovirus B19 55 • Measles 55 • Epstein-Barr Virus 55 • Cytomegalovirus 56 • Vesicular Rash in Pregnancy 56	
9. Multiple Pregnancy	60
Shailesh Kore, Chaitra Thunga, Siddhi Kore	
• Aims of Management 60 • Antenatal Care 61 • Route of Delivery 61 • Management in Labour 63 • Documentation 68	
10. Polyhydramnios	70
Suchitra Pandit, Swati Bhargava	
• Definition 70 • Physiology 70 • Pathogenesis 71 • Aetiology 72 • Epidemiology 73 • Classification 73 • Diagnosis 74 • Complications and Prognosis 75 • Management 76	
11. Parenteral Iron Therapy	80
Shirish N Daftary, Munjal J Pandya	
• Iron Requirement During Pregnancy 80 • Clinical Features of Iron Deficiency Anaemia 81 • Prophylactic Iron Supplementation 83 • Management of Iron-deficiency Anaemia 83 • Clinician's Assessment of Response to Oral Iron Therapy 83 • Indications for Parenteral Iron Therapy 83 • Pre-requisites to Administering Parenteral Iron Therapy 84 • Importance of IV Therapy 84 • Contraindications 84 • Formulae for Calculation of Total Dose Requirement 84 • Intramuscular Iron 84 • Intravenous Iron Therapy 84 • Iron Compounds for Parenteral Administration 85	

12. Antepartum Haemorrhage	92
Usha Saraiya, Mansi Tiwari	
• Definition 92 • Classification 92 • Emergency Management of Major Antepartum haemorrhage 92 • Antepartum Haemorrhage: Immediate Resuscitative Measures 95 • Placenta Praevia 98 • Placenta Accreta, Increta and Percreta 100 • Abruptio Placentae 100	
13. Hypertensive Crisis	105
Geetha Balsarkar, Madhva Prasad	
• Diagnosis 105 • History 105 • Investigations 106 • Management 106 • Antihypertensive Agents 106 • Discussion 108	
14. Intrauterine Growth Restriction: When to Deliver?	110
Usha Krishna, Devika Chopra	
• Detection of Intrauterine Growth Restriction 111 • Staging System 112 • Timing of Delivery 114	
15. Eclampsia: Labour Room Protocol for Management	117
Ajit Virkud	
• Definition 117 • Incidence 118 • Types 118 • Management 118 • Management of Blood Clotting Disorders 122 • Delivery 122 • Choice of Anaesthesia 123 • Postpartum Surveillance 123 • Lack of Syndrome 123 • Long-term Risks of Pre-eclampsia 123	
16. HIV in Pregnancy	125
Pratik Tambe, Parikshit Tank	
• National Antiretroviral Therapy Program 125 • Mother-to-child Transmission of Human Immunodeficiency Virus 126 • Human Immunodeficiency Virus Infection in Pregnancy 126 • Goals of the Prevention of Mother-to-child Transmission Program 127 • Package of Prevention of Mother-to-child Transmission Services 127 • Guiding Principles for Use of Antiretroviral Therapy in Prevention of Mother-to-child Transmission 128 • Antenatal Care 128 • Principles of Management with Combinations Retroviral Therapy 130 • Pregnant Women in Labour Found to be Human Immunodeficiency Virus Positive 131	
17. Partogram	136
Atul Ganatra, Sachin Ajmera	
• Definitions 136 • History 136 • Modified WHO Partograph 138 • Aim of Partogram 141 • Indications for Use of Partogram 141 • Plotting the Partogram 141 • Interpretations 143 • The Future 144	

- 18. Intrapartum Foetal Heart Rate Monitoring 146**
Ameya C Purandare, Kirti Bendre
 • History of Foetal Monitoring 146 • Instrumentation for Electronic Foetal Heart Rate and Uterine Activity Monitoring 147
 • Indications for Intrapartum Electronic Foetal Surveillance 148
 • Medicolegal Aspects of Intrapartum Foetal Monitoring 155
 • Recent Advances 156
- 19. Forceps Delivery 159**
Niranjana Mayadeo, Aditi Dani
 • Background 159 • Indications (RCOG, 2011) 160
 • Contraindications 160 • Classification of Forceps Deliveries (ACOG, 2000) 160 • Pre-requisites (SOGC, 2004, RANZOG, 2009) 161
 • Applications 162 • Indications for Abandoning the Procedure 162
- 20. Ventouse Delivery 166**
Reena Wani, Ankesh R Sahetya
 • History 166 • Complications 168 • Apparatus 169
 • Appendix: RCOG Guideline for Vacuum Delivery Record 175
- 21. Shoulder Dystocia 177**
Anahita Chauhan, Neha Saxena
 • Incidence 177 • Risk Factors 177 • Complications 178
 • Prevention 179 • Diagnosis 179 • Management 179
 • Anaesthesia 179 • Equipment 179 • Mnemonics and Manoeuvres 180 • Documentation 182
 • Skill Drills and Training 183
- 22. Breech Delivery 184**
Sarita Bhalerao, Kinjal Shah
 • Vaginal Breech Delivery 184 • Term Breech Presentation Trial 185 • Assisted Breech Delivery Manoeuvres 186
- 23. Umbilical Cord Prolapse 192**
Vanita Raut, Priya Vora
 • Epidemiology 192 • Aetiology 192 • Prevention 193
 • Diagnosis 193 • Management 194
- 24. Perineal Tear 197**
Arun Nayak, Minal Sarmalkar
 • Classification 197 • Incidence 197 • Risk Factors 197
 • Prediction and Prevention of Obstetric Anal Sphincter Injuries 199
 • Diagnosis of Perineal Tears/Obstetric Anal Sphincter Injuries 199
 • Management 200 • Prognosis 203
- 25. Amniotic Fluid Embolism 206**
Mandakini Megh, Pooja Bandekar
 • History 206 • Diagnostic Criteria 207 • Epidemiology and Risk Factors 207 • Pathophysiology 207

- Clinical Presentation 207 • Diagnosis 209
- Differential Diagnosis 209 • Laboratory Investigations 210
- Management 211 • Newer Strategies in the Management of Amniotic Fluid Embolism 212

26. Difficult Lower Segment Caesarean Section 215

Niranjan Chavan

- Difficult Abdominal Access 215 • Difficult Uterine Incision 216
- Difficult Baby Deliveries 219 • Difficult Hemostasis 224

27. Extraperitoneal Caesarean Section 230

Rajendra Nagarkatti, Sanket Pisat

- Introduction and History 230 • Extraperitoneal Caesarean Section in Modern Practice 230 • Indications 231
- Contraindications 231 • Relevant Anatomical Considerations 231
- Surgical Technique 232 • Disadvantages and Complications 233
- Recent Evidence 233

28. Postpartum Haemorrhage 235

Suvarna Khadilkar, Maimoona Ahmed

- Definitions 235 • Recognition of Risk Factors 236
- Prevention 236 • Active Management of Third-Stage of Labour 237 • Post Delivery 237 • Assessment of Blood Loss 237 • The Rule of 30 238 • Recommendations for Quantification 241 • Management 242 • Uterine Tamponade 244
- Newer Techniques and Inventions 252

29. Retained Placenta 259

Bipin Pandit, Pooja Bandekar

- Background 259 • What is Postpartum Haemorrhage? 259
- What is Retained Placenta? 260 • Pathophysiology 260
- Management 262 • Systemic Oxytocics 264
- Umbilical Vein Oxytocin Injection 265

30. Outcome of ART Pregnancy 268

Jaydeep Tank, Pratik Tambe

- Genetic Abnormalities and Congenital Malformations 268
- Perinatal Risks 269 • Maternal Morbidity 271

31. Neonatal Resuscitation 277

Ganpat Sawant, Deepali Kale

- National Statistics 277 • Immediate Care of the Newborn 277
- Anticipation of Resuscitation Need 279 • Umbilical Cord Management 280 • Medications 283
