

CONTENTS

| | |
|--|-----|
| 1. Introduction | 1 |
| 2. Taking History of a Diabetic Person | 7 |
| 3. Diagnosis of Diabetes | 11 |
| 4. Medical Nutrition in Diabetes | 19 |
| 5. Exercise for Diabetes | 23 |
| 6. Education in Diabetes | 35 |
| 7. Pharmacotherapy of Type II Diabetes | 41 |
| 8. Overview of Hypoglycemic Agents | 49 |
| 9. Sulfonylureas | 57 |
| 10. Meglitinides | 63 |
| 11. Metformin..... | 67 |
| 12. Alpha Glucosidase Inhibitors | 73 |
| 13. Thiazolidinediones—Insulin Sensitizers | 77 |
| 14. Incretin-based Therapies | 83 |
| 15. Insulin Use in Diabetics | 89 |
| 16. Insulin Pump Therapy..... | 99 |
| 17. Combined ADA and EASD 2009 Algorithm for Management of Type II Diabetes | 107 |
| 18. Hypertension and Diabetes | 113 |
| 19. Dyslipidemia in Diabetes | 119 |
| 20. Diabetic Foot | 125 |
| 21. Eye Problems in Diabetes | 133 |

x | Practical Management of Diabetes

| | |
|---|-----|
| 22. Diabetic Nephropathy | 145 |
| 23. Autonomic Neuropathy and Diabetes | 151 |
| 24. Acute Myocardial Infarction in Diabetes | 159 |
| 25. Cardiac Evaluation in a Diabetic Person | 163 |
| 26. Infections in Diabetes | 169 |
| 27. Skin Manifestations in Diabetics | 177 |
| 28. Hypoglycemia | 189 |
| 29. Drug-induced Hyperglycemia and Hypoglycemia | 195 |
| 30. Metabolic Emergencies in Diabetes | 199 |
| 31. Screening Schedule for Comorbidities of Diabetes | 205 |
| 32. Surgery in Diabetes | 209 |
| 33. Prevention of Diabetes | 215 |
| 34. Gestational Diabetes Mellitus | 223 |
| 35. Insulin Injection Techniques | 237 |
| Appendices | 243 |
| Suggested Reading | 265 |
| Index | 267 |

ABBREVIATIONS

| | |
|--------|--|
| ACEI | Angiotensin-converting enzyme inhibitor |
| AER | Albumin excretion rate |
| AGI | Alpha glucosidase inhibitor |
| ARB | Angiotensin receptor blocker |
| CCB | Calcium channel blockers |
| CHF | Congestive heart failure |
| DN | Diabetic nephropathy |
| DKA | Diabetic ketoacidosis |
| ESRD | End stage renal disease |
| GFR | Glomerular filtration rate |
| GIP | Glucose dependent insulinotropic polypeptide |
| GLP- 1 | Glucagon like peptide-1 |
| IGT | Impaired glucose tolerance |
| LSM | Lifestyle modification |
| SU | Sulfonylurea |
| OHA | Oral hypoglycemic agents |
| PCV | Packed cell volume |
| PP | Post-prandial |
| VPT | Vibration perception threshold |
