

## CONTENTS

### 1. Cancer of Vulva ..... 1

*Manidip Pal, Soma Bandyopadhyay*

- Molecular Biology and Genetics 3
- Staging 3
- Diagnosis 4
- Treatment 6
  - Chemoradiation 9
  - HPV Vaccine 9
  - 5-year Survival 9
  - Special Situation 9

### 2. Cancer of Vagina ..... 14

*Banasree Bhadra, Indranil Dutta*

- Anatomy of Vagina 14
- Incidence 15
- Etiology 15
- Types 17
- Spread 17
- Clinical Features 17
- Diagnosis 18
- Staging 18
- Management 18
- Prognosis 19
  - Vaginal Cancer Screening and Prevention 19
  - Adenocarcinoma of the Vagina 20
  - Melanoma of Vagina 21
  - Sarcoma of Vagina 21
  - Secondary Vaginal Tumors 21
  - Recurrent Vaginal Cancer 22

### 3. Cancer of Cervix ..... 24

#### **Screening for Cervical Cancer 24**

*Pranay Nath, Bandana Das (Nath)*

- Screening for Cervical Cancer 25
  - Types 25
  - Analysis of Screening Results 25
  - Levels of Prevention 26
  - Negative for Intraepithelial Lesion or Malignancy 27
  - Epithelial Cell Abnormalities 27

- Why Screening is so Important in Relation to Cervical Cancer? 28
- Standard Practice of Screening 29
- When to Start and When to Stop Screening? 29
- Frequency of Screening 30
- HPV-DNA Test 30
- HPV Vaccine and its Effect on Screening 30
- Analysis of Screening Report 31
- Where we Stand Today? 32

### **Management of Cervical Cancer 33**

*Dilip Kumar Dutta, Jayeeta Roy, Indranil Dutta*

- Microinvasion 33
  - Stage IA1 33
  - Stage IA2 33
  - Follow-up 33
- Invasive Carcinoma 34
  - Stage IB1, IIa < 4 Cm 34
  - Surgery 34
  - Radiotherapy 34
  - Adjuvant Therapy Postsurgery 34
  - Concurrent Chemoradiation 35
  - Neoadjuvant Chemotherapy Followed by Radical Hysterectomy and Pelvic Lymphadenectomy 36
  - Advanced Cervical Cancer 36

## **4. Cancer of the Corpus Uteri ..... 47**

*Dilip Kumar Dutta, Indranil Dutta, Jayeeta Roy*

- Incidence 47
  - Causative Factors 47
  - Clinical Features 48
  - Anatomy 50
  - Prognostic Tumor Characteristics for High Risk 53
  - Surgical Staging Procedure for Endometrial Cancer 53
  - Is Lymphadenectomy Necessary or Not? 53
  - Progestogen Therapy 55
  - Plan for Surgery 55
  - Special Considerations 57

## **5. Fallopian Tube Cancer ..... 63**

*Soumitra Majumder*

- Histopathology 63
- Risk Factors 65
- Symptoms 65
- Diagnosis 66
- Staging 66

- Treatment 66
- Prognosis 68

## 6. Cancer of Ovary ..... 71

*Subash Chandra Biswas, Ramprasad Dey*

- Classification of Ovarian Cancer 71
  - Etiology or Risk Factors for Ovarian Cancer 72
  - Genetic Factors 72
  - Environmental Factors 72
  - Endocrine and Reproductive Factors 73
- Screening and Diagnosis of Ovarian Cancer 73
  - History and Ovarian Cancer Diagnosis 73
  - Pelvic Examination and Ovarian Cancer Diagnosis 73
  - Imaging Studies to Diagnose Ovarian Cancer 74
- Staging of Primary Ovarian Cancer 74
  - Technique for Surgical Staging 75
- Ovarian Cancer Treatment 76
  - Ovarian Cancer Surgery 76
  - Chemotherapy to Treat Ovarian Cancer 77
- Germ Cell Tumor 77
  - Concept of Borderline Ovarian Cancer 78
- Follow-up Ovarian Cancer Treatment 79
- Ovarian Cancer and Sexual Concerns 79

## 7. Gestational Trophoblastic Disease ..... 82

*Jayeeta Roy, Jayanta Kumar Mitra, Indranil Dutta*

- Epidemiology 82
- Causes and Genetics 83
- Pathology 83
- Classification of Gestational Trophoblastic Disease 84
  - Benign Forms 84
  - Malignant Forms 84
- Presentation and Clinical Features 85
  - General Features 85
- Diagnosis of Molar Pregnancy 86
  - Human Chorionic Gonadotropin 86
  - Ultrasonography 86
- Management of Molar Pregnancy 88
  - Initial Management 88
  - Staging and Stratification 89
  - Chemotherapy 90
  - Prophylactic 91
  - Management of Stage IV GTN 92
  - Drug-resistant Disease 94
  - Role of Surgery 94
  - Role of Radiation Therapy 94

- HCG Follow-up 95
- Choriocarcinoma (CC) 95
  - Histopathological Features 95
  - Diagnosis 97
  - Management 97
- Placental-site Trophoblastic Tumor 98
  - Postchemotherapy Sequelae and Follow-Up 99
  - Subsequent Pregnancies 99
  - Recurrent GTN 100
  - Screening and Treatment of Gestational Trophoblastic Disease in Developing Countries 100
  - Psychosocial Consequences of GTN 101

## 8. Cancer of Breast ..... 105

*Dilip Kumar Dutta, Indranil Dutta, Jayeeta Roy*

- Screening 105
- Risk Factors 106
- Hereditary Breast Cancer 107
- Anatomy 107
  - Primary Site 107
  - Regional Lymph Nodes 107
  - Axillary 107
  - Internal Mammary 108
  - Metastatic Sites 108
  - Diagnosis 108
  - Investigations Needed 111
  - Clinical Staging 112
  - Pathological Staging 113
- Rules for Classification 113
  - TMN Classification 113
  - Definition of TMN 113
  - Regional Lymph Nodes 114
  - Distant Metastasis 14
- Clinical Practice Guidelines 114
  - Palpable Mass 115
  - Cystic Lesion 115
  - Solid Lesion 115
  - Preoperative Investigations 115
  - Handling the Surgical Specimens 115
  - Hormone Receptor Levels 116
- Tumor Management Based on TMN Classification 116
  - Paget's Disease of the Breast 116
  - Ductal Carcinoma in situ 116
  - Lobular Carcinoma in Situ 117
  - Stage I or H Invasive Cancer 117
  - Modified Radical Mastectomy 117

- Radical Mastectomy 118
- Locally Advanced Tumors 118
- Breast Conservative Surgery 119
- Breast Reconstruction Operations 120
- Special Situations 120
  - Inflammatory Breast Cancer 120
  - Local Regional Recurrence 121

## **9. Radiotherapy in Gynecological Cancer ..... 124**

*Ranajit Mandal, Prabir Chaudury*

- Early-stage cervical cancer 124
  - General Principles of Management 124
  - Radiation Therapy 124
  - Adjuvant Combined Chemoradiation Therapy 125
  - Definitive Radiation 125
  - Surgery Vs. Radiation 126
  - Definitive Chemoradiation 126
  - Treatments Classified with Respect to Source Loading 128
  - Treatments Classified with Respect to Dose 128
  - Manchester System Applicators 129
- Sequelae of Radiation Therapy 131
  - Acute 131
  - Late 131
  - Carcinoma Endometrium 131
  - Vulvar Cancers 132

## **10. On the Origin of Ovarian and Endometrial Cancers: Molecular Profiling of Gynecologic Cancers ..... 134**

*Ari Reiss, Walter H. Gotlieb*

- Cervix, Vagina and Vulvar Cancers 134
- Endometrial Cancer 134
- Ovarian Cancer 137
  - Time Honored Concepts 137
  - Implication of the Molecular Analysis of Ovarian Cancers 138
  - Differences in Genetic Profiles Segregate Between Low Grade and High Grade Serous Cancers 140
  - On the Cell of Origin of Ovarian Cancers 141

## **11. Recent Advances in Chemotherapy in Gynecological Oncology .145**

*Ambarisha Bhandiwad*

- Cell Kill Hypothesis 146
- The Cell Cycle 146
- Chemotherapy Resistance of Cancer Cells 147
- Host Defences 148
- Route of Administration 148

- Chemotherapy Toxicity 149
- Therapeutic Agents used in the Treatment of Gynecological Cancer 149
- Chemotherapy—Ovarian Cancer 150
  - Advanced Ovarian Cancer 151
  - Neoadjuvant Chemotherapy 151
  - Newer Group of CT Drugs used in Ovarian Cancer 151
  - Nonepithelial Ovarian Cancers 152
  - Endometrial Cancer 152
  - Cervical Cancer 153
  - Vaginal Cancer 153
  - Vulval Cancer 153
  - Gestational Trophoblastic Disease 154
  - Combination Chemotherapy 154
  - Breast Cancer 154

*Index*..... 155
