

# CONTENTS

## 1. History Taking and General Physical Examination ..... 1

- |  |    |
|--|----|
| 1.1 History Taking .....               | 1  |
| 1.2 General Physical Examination ..... | 14 |

## 2. Nutrition ..... 50

- |   |    |
|---|----|
| 2.1 Nutrition .....                       | 50 |
| 2.2 History Taking (Symptomatology) ..... | 51 |
| 2.3 General Nutrition Assessment .....    | 55 |

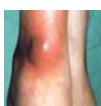

## 3. Respiratory System ..... 58

- |   |     |
|---|-----|
| 3.1 Functional Anatomy .....              | 58  |
| 3.2 History Taking (Symptomatology) ..... | 67  |
| 3.3 General Physical Assessment .....     | 73  |
| 3.4 Physical Examination .....            | 76  |
| 3.5 Investigations .....                  | 105 |

## 4. Cardiovascular System ..... 123

- |   |     |
|---|-----|
| 4.1 Functional Anatomy .....              | 123 |
| 4.2 History Taking (Symptomatology) ..... | 127 |
| 4.3 General Physical Assessment .....     | 136 |
| 4.4 Physical Examination .....            | 150 |
| 4.5 Investigations .....                  | 163 |

## 5. Digestive System (Abdomen) ..... 183

- |   |     |
|---|-----|
| 5.1 Functional Anatomy .....              | 183 |
| 5.2 History Taking (Symptomatology) ..... | 186 |
| 5.3 General Physical Assessment .....     | 191 |
| 5.4 Physical Examination .....            | 195 |
| 5.5 Investigations .....                  | 210 |

## 6. Urinary System ..... 226

- |   |     |
|---|-----|
| 6.1 Functional Anatomy .....              | 226 |
| 6.2 History Taking (Symptomatology) ..... | 228 |
| 6.3 General Physical Assessment .....     | 232 |
| 6.4 Physical Examination .....            | 234 |
| 6.5 Investigations .....                  | 237 |

## 7. Nervous System ..... 245

- |   |     |
|---|-----|
| 7.1 Functional Anatomy .....              | 245 |
| 7.2 History Taking (Symptomatology) ..... | 256 |
| 7.3 General Physical Assessment .....     | 259 |
| 7.4 Physical Examination .....            | 262 |
| 7.5 Investigations .....                  | 327 |

## 8. Psychiatry ..... 341

- |   |     |
|---|-----|
| 8.1 Functional Neuroanatomy .....         | 341 |
| 8.2 History Taking (Symptomatology) ..... | 345 |
| 8.3 General Physical Assessment .....     | 348 |

8.4 Mental Status Examination .....	349
8.5 Investigations .....	352
<b>9. Hematology .....</b>	<b>354</b>
9.1 Functional Anatomy .....	354
9.2 History Taking (Symptomatology) .....	360
9.3 General Physical Assessment .....	369
9.4 Physical Examination .....	371
9.5 Investigations .....	376
<b>10. Musculoskeletal System .....</b>	<b>395</b>
10.1 Functional Anatomy .....	395
10.2 History Taking (Symptomatology) .....	397
10.3 Physical Examination .....	400
10.4 Investigations .....	413
<b>11. Breast .....</b>	<b>421</b>
11.1 Functional Anatomy .....	421
11.2 Physical Examination .....	421
<b>12. Skin .....</b>	<b>429</b>
12.1 Functional Anatomy .....	429
12.2 Identification of Skin Lesions .....	432
12.3 Physical Examination .....	435
<b>13. Comatose Patient .....</b>	<b>445</b>
13.1 Examination of a Comatose or Stuporous Patient .....	445
13.2 Investigations .....	448
<b>14. Clinical Methods in Geriatric Medicine .....</b>	<b>449</b>
14.1 History Taking (Symptomatology) .....	449
14.2 General Physical Assessment .....	453
14.3 Physical Examination .....	456
14.4 Unusual Presentations of Diseases .....	460
<b>15. Clinical Methods in Pediatric Medicine .....</b>	<b>462</b>
15.1 History Taking (Symptomatology) .....	462
15.2 Review of System .....	463
15.3 General Physical Assessment .....	465
15.4 Physical Examination .....	470
15.5 Infant (History Taking) .....	473
15.6 Physical Examination of Infant .....	474
<b>16. Medical Records .....</b>	<b>476</b>
<b>Appendices .....</b>	<b>481</b>
<b>Appendix 1:</b> Performa for Recording History and Systemic Physical Examination .....	481
<b>Appendix 2:</b> Laboratory Values of Clinical Importance .....	492
<i>Index .....</i>	499
