

CONTENTS

Part 1: Obstetrics

Section 1: General Obstetrics

1.1: Reproductive System	5
1.2: Embryology	11
1.3: Anatomical Changes During Pregnancy.....	29
1.4: Physiological Changes During Pregnancy.....	32
1.5: Antenatal Assessment	36
1.6: Lifestyle Changes During Pregnancy.....	49
1.7: Lactation	50

Section 2: Labor and Delivery

2.1: Female Pelvis	58
2.2: Fetal Skull.....	65
2.3: Obstetric Examination	69
2.4: Normal Labor.....	78
2.5: Abnormal Labor	87
2.6: Normal Vaginal Delivery	89
2.7: Labor Analgesia	92
2.8: Breech Vaginal Delivery	94
2.9: Transverse Lie.....	100
2.10: Abnormal Positions	102
2.11: Fetal Monitoring Using Cardiotocography	110
2.12: Obstetric Maneuvers	118
2.13: Cesarean Delivery.....	122
2.14: Instrumental Delivery	126
2.15: Obstetric Hysterectomy.....	135
2.16: Intrauterine Fetal Death	137

Section 3: Early Pregnancy Complications

3.1: Ectopic Pregnancy	141
3.2: Hydatidiform Mole	150
3.3: Miscarriage.....	154
3.4: Cervical Incompetence	159
3.5: Medical Termination of Pregnancy Using Vacuum Aspiration	163
3.6: Medical Termination of Pregnancy	168

Section 4: Complications of Pregnancy

4.1: Multifetal Gestation.....	176
4.2: Antepartum Hemorrhage	190
4.3: Rh Negative Pregnancy	196
4.4: Intrauterine Growth Retardation	199
4.5: Amniotic Fluid and its Abnormalities.....	203
4.6: Preterm Baby	208
4.7: Post-term Pregnancy	214

Section 5: Medical Conditions During Pregnancy

5.1: Anemia in Pregnancy.....	226
5.2: Hypertensive Disorders of Pregnancy.....	230
5.3: Gestational Diabetes	233
5.4: Heart Disease During Pregnancy	237
5.5: Thyroid Disorders During Pregnancy	240
5.6: Asthma and Pregnancy	241
5.7: Tuberculosis in Pregnancy	242

Section 6: Postnatal Period

6.1: Lactation	248
6.2: Abnormalities of Lactation	248
6.3: Puerperium.....	250
6.4: Complications of Puerperium.....	252
6.5: Injuries to the Birth Canal.....	257
6.6: Episiotomy	260
6.7: Placenta and its Abnormalities	261
6.8: Umbilical Cord.....	265
6.9: Postpartum Hemorrhage	266
6.10: Uterine Rupture	272
6.11: Uterine Inversion	273
6.12: Newborn Infant and its Care	274

Section 7: Imaging in Obstetrics

7.1: Instrumentation	286
7.2: Technique.....	287
7.3: Normal Anatomy on Ultrasound	289
7.4: Early Pregnancy Scanning.....	291
7.5: Normal Third Trimester Pregnancy Scan	294
7.6: Three-Dimensional Imaging	301
7.7: Doppler Ultrasound	308
7.8: Congenital Abnormalities	315
7.9: Case Studies in Obstetrics.....	320

Part 2: Gynecology

Section 8: General Gynecology

8.1: Gynecological Anatomy.....	328
8.2: Gynecological Examination	335
8.3: Menstrual Cycle.....	346
8.4: Principles of Surgery	349
8.5: Adolescent and Pediatric Gynecology.....	356
8.6: Tuberculosis.....	360

Section 9: Menstrual Disorders

9.1: Abnormal Menstrual Bleeding	365
9.2: Dysfunctional Uterine Bleeding.....	371
9.3: Dysmenorrhea	371

9.4: Premenstrual Syndrome.....	373
9.5: Postmenopausal Bleeding.....	374
9.6: Treatment of Menstrual Disorders.....	375
9.7: Menopause	378
9.8: Müllerian Abnormalities	384
9.9: Amenorrhea.....	387

Section 10: Benign Tumors of Genital Tract

10.1: Fibroids.....	397
10.2: Benign Ovarian Lesions	408
10.3: Cervical Lesions	413
10.4: Vulvar Lesions.....	415
10.5: Benign Breast Disease.....	418

Section 11: Malignancies of Genital Tract

11.1: Endometrial Cancer	427
11.2: Leiomyosarcoma	432
11.3: Ovarian Cancer.....	433
11.4: Cervical Intraepithelial Neoplasia.....	437
11.5: Invasive Cancer of the Cervix.....	446
11.6: Vulvar Cancer	450
11.7: Cancer of the Fallopian Tubes	453
11.8: Breast Cancer.....	453

Section 12: Uterus

12.1: Uterine Prolapse.....	464
12.2: Uterine Retroversion	477
12.3: Adenomyosis.....	478
12.4: Uterine Malformations	479
12.5: Hysterectomy.....	486
12.6: Genitourinary Fistulae	501
12.7: Urinary Incontinence.....	504
12.8: Hysteroscopy	506
12.9: Laparoscopy	509
12.10: Robotic Surgery	513

Section 13: Abnormalities in Conception

13.1: Causes of Infertility	521
13.2: Diagnosis of Infertility.....	522
13.3: Assisted Reproductive Techniques For Treatment of Infertility	526
13.4: Surgery For Treatment of Infertility.....	531
13.5: Polycystic Ovarian Disease	534
13.6: Hirsutism	538
13.7: Endometriosis.....	541

Section 14: Infections of the Genital Tract

14.1: Vaginal Discharge	549
14.2: Sexually Transmitted Diseases.....	553
14.3: Pelvic Inflammatory Diseases	557

Section 15: Contraception

15.1: Contraception..... 565
15.2: Temporary Methods of Contraception 566
15.3: Method of Copper-T Insertion 576
15.4: Insertion of Mirena..... 578
15.5: Permanent Methods of Female Contraception 580

MSAFP	Maternal Serum Alpha Fetoprotein	ROT	Right Occiput Transverse
MTP	Medical Termination of Pregnancy	RSA	Right Sacroanterior
NAAT	Nucleic Acid Amplification Test	RSP	Right Sacroposterior
NICU	Neonatal Intensive Care Unit	RST	Right Sacrotransverse
NSAID	Nonsteroidal Anti-Inflammatory Drug	rT3	Reverse T3
NST	Nonstress Test	SERM	Selective Estrogen Receptor Modulator
NYHA	New York Heart Association	SFH	Symphysis-Fundal Height
OCP	Oral Contraceptive Pill	SGA	Small for Gestational Age
OFD	Occipitofrontal Diameter	SHBG	Serum Hormone Binding Globulin
OGTT	Oral Glucose Tolerance Test	SIS	Saline Infusion Sonography
OHSS	Ovarian Hyperstimulation Syndrome	SOGC	Society of Obstetricians and Gynaecologists of Canada
OPD	Out-Patient Department	STD	Sexually Transmitted Disease
PCOD	Polycystic Ovarian Disease	STI	Sexually Transmitted Infection
PCOS	Polycystic Ovarian Syndrome	SUI	Stress Urinary Incontinence
PEFR	Peak Expiratory Flow Rate	TAH	Total Abdominal Hysterectomy
PHM	Partial Hydatidiform Mole	TAS	Transabdominal Sonography
PID	Pelvic Inflammatory Disease	TBG	Thyroid Binding Globulin
PMS	Premenstrual Syndrome	TCD	Transverse Cerebellar Diameter
PNDT	Prenatal Diagnostic Techniques	TCRE	Transcervical Resection of Endometrium
POC	Products of Conception	TNF	Tumor Necrosis Factor
POG	Period of Gestation	TNM	Tumor, Node, Metastases
POI	Progestogen Only Injectable	TOA	Tubo-ovarian Abscess
POP	Progestogen Only Pill	TORCH	Toxoplasma, Other viruses, Rubella, Cytomegalovirus, Herpes virus
PP	Postprandial	TRAP	Twin Reversed Arterial Perfusion
PPH	Postpartum Hemorrhage	TRH	Thyroid Releasing Hormone
PROM	Premature Rupture of Membranes	TSH	Thyroid Stimulating Hormone
PSTT	Placental Site Trophoblastic Tumor	TTS	Twin-to-Twin Transfusion Syndrome
PUBS	Percutaneous Umbilical Cord Blood Sampling	TVS	Transvaginal Sonography
RCOG	Royal College of Obstetricians and Gynaecologists	UGF	Urogenital Fistula
RDW	Red Cell Distribution Width	USDA	United States Department of Agriculture
REM	Rapid Eye Movement	USPTF	United States Preventive Task Force
RMA	Right Mentoanterior	UTI	Urinary Tract Infection
RMP	Right Mentoposterior	VBAC	Vaginal Birth after Cesarean (Section)
RMT	Right Mentotransverse	V-V	Vein-to-Vein
ROA	Right Occiput Anterior	VVC	Vulvovaginal Candidiasis
ROM	Rupture of Membranes	VVF	Vesicovaginal Fistula
ROP	Right Occiput Posterior
