<b>1. Milestones in Lacrimal Drainage Surgery</b>	<b>1</b>
<i>Suresh D Isloor</i>	
• Historical Background	1
<b>2. Surgical Anatomy of the Lacrimal Excretory System and Lateral Wall of the Nose</b>	<b>3</b>
<i>Suresh D Isloor</i>	
• Lacrimal Fossa	5
• Lateral Nasal Wall	7
<b>3. Physiology of the Lacrimal System</b>	<b>10</b>
<i>Suresh D Isloor</i>	
<b>4. Symptoms and Evaluation of Tearing Patient</b>	<b>12</b>
<i>Suresh D Isloor</i>	
• Epiphora Grading	12
• Clinical History	13
• Lavage	15
<b>5. Imaging in Lacrimal Drainage System</b>	<b>17</b>
<i>Lakshmi Mahesh</i>	
• Conventional Radiography (X-ray) and Dacryocystography	17
• Ultrasound	19
• Nuclear Medicine Dacryoscintigraphy	19
• Computed Tomography/Computed Tomography Dacryocystography	20
• Magnetic Resonance Imaging	21
<b>6. Evaluation and Management of Congenital Dacryostenosis</b>	<b>23</b>
<i>Suresh D Isloor</i>	
• Natural History	23
• Intubation	27
• Indications	28
• Postoperative Care and Complications	29
<b>7. External, Conventional or Percutaneous Dacryocystorhinostomy</b>	<b>30</b>
<i>Suresh D Isloor</i>	
• Indications for Surgery	30
• Contraindications	31

• Anesthesia	31
• Lacrimal SAC	35
• Silicone (Silastic) Intubation	36
• Postoperative Care	36
<b>8. Endoscopic Endonasal Approach to the Lower Lacrimal Drainage System</b>	<b>37</b>
<i>P Thulasi Das, Harini T Das, V Venkatraman</i>	
• Indications	37
• Evaluation of Patients with Epiphora	37
• Endoscopic Surgery of Lower Lacrimal Drainage System	38
<b>9. Combined Transcanalicular Endonasal Diode Laser Dacryocystorhinostomy</b>	<b>42</b>
<i>Suresh D Isloor</i>	
• Postoperative	45
<b>10. Conjunctivodacryocystorhinostomy</b>	<b>46</b>
<i>Mohammad Javed Ali, Roshmi Gupta, Santosh G Honavar</i>	
• Indications	46
• Contraindications	46
• Equipment Required	46
• Preparation	47
• Procedure	47
• Postoperative Care	49
• Success Rates and Complications	50
<b>11. Centurion Syndrome and its Management</b>	<b>51</b>
<i>Shivayogi R Kusagur</i>	
• Anatomy and Function of Medial Canthal Tendon	51
<b>12. Smart Lacrimal Probe</b>	<b>55</b>
<i>Mihir Kothari</i>	
<b>13. Diode Laser Machines Used in Transcanalicular Laser DCR</b>	<b>58</b>
<i>Suresh D Isloor</i>	
<b>14. Instruments Used in External, Endonasal, Laser DCR</b>	<b>62</b>
<i>Suresh D Isloor</i>	
<b>15. Endonasal Endoscopic Dacryocystorhinostomy</b>	<b>72</b>
<i>Deviprasad D</i>	
• Indications	72
• Contraindications	72

• Advantages Over External Dacryocystorhinostomy	73
• Preoperative Considerations	73
• Equipment and Instruments	74
• Anesthesia	75
• Surgical Technique	75
• Postoperative Care	77
• Complications	78
<b>16. Minimal Invasive Lacrimal Surgeries: Balloon Dacryoplasty</b>	<b>79</b>
<i>Mohammad Javed Ali, Milind N Naik, Santosh G Honavar</i>	
• Balloon Dacryoplasty in Children	80
• Balloon Dacryoplasty in Adults	82
• Nine Millimeter Primary Endoscopic Balloon	83
• Balloon-Assisted Revision Dacryocystorhinostomy	84
<b>17. Amniotocele and Fistula, Dacryocystitis and Tumors (Neoplastic)</b>	<b>86</b>
<i>Suresh D Isloor</i>	
• Amniotocele	86
• Lacrimal Fistula	86
• Treatment	87
• Dacryocystitis	87
• Tumors (Neoplastic)	87
• Traumatic	88
• Iatrogenic	88
