

DVD Contents

S No	Video Name	Author Name
1	Anastomotic Urethroplasty	SB Kulkarni
1a	Inferior Pubectomy	SB Kulkarni
2	BMG Urethroplasty DOG and VOG by Muscle and Nerve Sparing Bulbar Technique	Guido Barbagli
3	Penile Fasciocutaneous Flap	Mc Aninch
4	Kulkarni Technique for Panurethral Stricture	SB Kulkarni
5	Double BMG—Dorsal, Ventral	Enzo Palminteri
6	Perineal Urethrostomy	Guido Barbagli
7	Asopa's Urethroplasty	Guido Barbagli
8	1st Stage Urethroplasty—BMG Graft	Jeremy Meyers
9	2nd Stage Urethroplasty	Guido Barbagli
10	Female Urethroplasty	Anne Cameron

Contents

1. Back to the Basics: Penoscrotal Anatomy	1
<i>Steven B Brandes, Lucas R Wiegand</i>	
Genital Flap Selection	1
Penoscrotal Fascial Anatomy	1
Penile Vascular Anatomy	2
Scrotal Vascular Anatomy	4
Surgical Pearls	5
2. Urethral Stricture Disease: Etiology, Pathophysiology and its Economic Impact	11
<i>Sean P Elliott, Rodrigo A Campos</i>	
Incidence	11
Etiology	11
Histology	13
Pathophysiology of Stricture Urethra	13
Economic Impact	15
Editorial Comments	16
3. Imaging in Stricture Urethra	19
<i>Sanjay B Kulkarni, Pankaj M Joshi</i>	
X-Ray Kidney, Ureter, Bladder	19
Retrograde Urethrogram	19
Micturating Cystourethrogram	20
Up and Downogram	21
Pericatheter Urethrogram	22
Normal Anatomy of the Urethra on Urethrogram	22
Ultrasonography	23
Magnetic Resonance Imaging	24
Conclusion	24
Editorial Comments	24
4. The Role of Urethrotomy and Other Minimally Invasive Interventions	28
<i>Richard Santucci, Mang L Chen</i>	
Urethral Dilation and Direct Visual Internal Urethrotomy	29
Stents	30
Endoscopic Realignment of PFUDD	30
Endoscopic Urethroplasty	33
Conclusion	34
5. Fossa Navicularis and Meatal Strictures	36
<i>Geoffrey R Nuss, Chris M Gonzalez</i>	
History	36
Technique	37
Editorial Comments	43

6. Anastomotic Urethroplasty	44
<i>Sanjay B Kulkarni</i>	
Indications	45
Investigations	45
Preoperative Preparation and Anesthesia	45
Operative Steps	46
Anastomotic Urethroplasty: Concepts	50
Complications of Anastomotic Urethroplasty	51
Outcomes of Anastomotic Urethroplasty	52
Anastomotic Urethroplasty in Nontraumatic Bulbar Urethral Strictures (Especially the Very Short Segment Ones)	52
Editorial Comments	53
7. Bulbar Oral Graft: Buccal Mucosal Graft, Urethroplasty	55
<i>Guido Barbagli, Salvatore Sansalone, Giuseppe Romano, Massimo Lazzeri</i>	
Preoperative Investigations	56
Patient Preparation	56
Ventral Oral Mucosal Graft Urethroplasty	57
Dorsal Oral Mucosal Graft Urethroplasty	63
Augmented Anastomotic Repair Using Oral Graft	69
Postoperative Care after Bulbar Urethroplasty Using an Oral Graft	74
8. Free Graft Urethroplasty by Ventral Sagittal Urethrotomy Approach	76
<i>HS Asopa, AL Vyas, GG Singhal</i>	
Preoperative Evaluation	76
Surgical Techniques	77
Results of Ventral Sagittal Urethrotomy Approach	82
Comments	82
Editorial Comments	86
9. Penile Fasciocutaneous Flap: McAninch Procedure	88
<i>BA Erickson, JW McAninch</i>	
Flap Anatomy	88
Patient Selection	89
Surgical Technique	89
Outcomes	93
Complications	93
Alternatives to the McAninch Flap	94
10. Staged Urethral Reconstruction	95
<i>Ramón Virasoro, Gerald H Jordan</i>	
Staged Reconstruction of the Fossa Navicularis	95
Anterior Panurethral Staged Buccal Mucosa Graft Reconstruction	103
Complications	107
Editorial Comments	109
11. Perineal Urethrostomy	111
<i>Jeremy B Myers, William O Brant</i>	
Background	112
Indications and Contraindications	113
Surgery	113
Outcomes	117

Surgical Pearls 117
 Editorial Comments 117

12. Female Urethroplasty 119

Allen McNeil Haraway, Anne Pelletier-Cameron

Female Urethral Anatomy 119
 Urethral Dilation and Urethrotomy 120
 Female Urethroplasty Techniques 120
 Postoperative Care 124
 Complications 125
 Editorial Comments 125

13. Stricture after Transurethral Resection of the Prostate, Radical Retropubic Prostatectomy and Radiation Therapy 126

Daniel D Dugi III, Allen F Morey

Stricture after Radiation Therapy for Prostate Cancer 126
 Urethroplasty for Radiation-induced Strictures of the Bulbomembranous Urethra 127
 Stricture after Treatment for Benign Prostatic Disease 130
 Open Surgery for Bladder Neck Contracture: Anterior Bladder Flap 131
 Stricture after Radical Prostatectomy 133
 Vesicourethroplasty after Radical Prostatectomy 134

14. Tissue Engineering in the Management of Urethral Strictures 137

Ryan P Terlecki, Anthony Atala

Biomaterials and Wound Healing 137
 Choosing a Biomaterial 138
 Classes of Biomaterials 138
 Synthetic Biomaterials in Urethral Reconstruction 139
 Natural Biomaterials in Urethral Reconstruction 139
 Future Directions 141

15. From the Patients' Perspective 146

Rajesh Gulia

Patient 146
 Doctor 146
 What and How to Counsel 147

Index 149
