

Contents

1. Introduction	1
Definition of Vertigo	2
Classification	2
Vertigo Pearls	3
Quality of Life in Vertigo Patient	4
2. Physiology of Vertigo	5
Functional Anatomy	5
Basic Physiology of Balance Disorder	8
3. Causes of Vertigo	11
Peripheral Causes	11
Central Causes	13
Peripheral Vestibular Disorders	13
Labyrinthine Vertigo	16
Central Vestibular Disorders	17
Basics of Peripheral Vertigo	21
Epidemiology of Peripheral Vertigo	21
Basics of Central Vertigo	21
Epidemiology of Central Vertigo	21
Physiological Vertigo	22
Drugs Causing Dizziness	23
Ototoxicity and Dizziness	23
Old Age and Dizziness	24

Dizziness in Children	24
Dizziness in Pregnancy	25
Post-Traumatic Vertigo	25
4. Diagnosis of Vertigo from History	28
Things about Dizzy Spells	28
Assess the Problem	29
History Tells Diagnosis	29
Vertigo Diagnosis	35
5. Clinical Tests for Vertigo	37
Routine Examinations for Vertigo Patients	37
Special Vestibular Tests	50
Oculomotor Tests	52
Cerebellar Tests	53
Tests for Utricular/Otolithic Dysfunction	53
6. Investigations for Vertigo	55
Hematological Tests	55
Audiological Test	55
Radiological Tests	55
Glycerol Test	56
Special Vestibular Investigations	57
Conditions Requiring Urgent Neuroimaging (CT/MRI)	61
7. Treatment of Vertigo	62
Objective of Treatment	62
Principles of Management of Vertigo	62

Rotatory Vertigo	66
Episodic for Hours	67
Prolonged Rotatory	68
Unsteadiness	69
Medications in Central Vertigo	75
Particle Repositioning and Exercises for BPPV	76
8. Vestibular Rehabilitation Exercises	85
Mechanisms	85
Cawthorne-Cooksey Exercises	86
Eye Exercises	86
Head and Neck Exercises	86
9. Important Clinical Conditions of Vertigo	96
Ménière's Disease	96
Benign Paroxysmal Positional Vertigo	99
Vestibular Neuronitis	99
Perilymph Fistula	100
Superior Semicircular Canal Dehiscence	101
Labyrinthitis	102
Acoustic Neuroma	102
Bilateral Vestibulopathy	103
Autoimmune Labyrinthitis	104
Central Causes of Vertigo	104
Motion Sickness	107
10. Approach to Vertigo by General Practitioner	110
Diagnosis of Otologic Vertigo	111
Conditions Requiring Urgent Referral to Balance Specialist	111

Simplified Approach to Get a Diagnosis	111
Guiding for Evaluation of Dizzy Patients	115

11. Interesting Case Series **119**

Case 1: Vestibular Neuronitis	119
Case 2: Ménière's Disease	120
Case 3: Benign Paroxysmal Positional Vertigo	122
Case 4: Ménière's Disease	123
Case 5: Migraine-related Vertigo	123
Case 6: Perilymph Fistula	126
Case 7	127
Case 8	128
Case 9	129
Case 10	130

12. Vertigo Clinic Evaluation Format **131**

History	131
Examinations	134
Investigations	136
Management	136
