

Section 1: General

- | | |
|--|---|
| 1. Preoperative Physiological Evaluation | 1 |
|--|---|

Section 2: Chest Wall

- | | |
|-----------------------------|----|
| 2. Pectus Deformities | 5 |
| 3. Thoracic Outlet Syndrome | 10 |
| 4. Chylothorax | 13 |
| 5. Chest Wall Tumors | 17 |

Section 3: Pleura

- | | |
|------------------------------------|----|
| 6. Pneumothorax | 19 |
| 7. Pleural Effusion | 22 |
| 8. Empyema | 25 |
| 9. Solitary Fibrous Tumor | 27 |
| 10. Malignant Pleural Mesothelioma | 29 |

Section 4: Mediastinum

- | | |
|----------------------------------|----|
| 11. Myasthenia Gravis | 32 |
| 12. Thymic Tumors | 35 |
| 13. Mediastinal Germ Cell Tumors | 39 |

Section 5: Trachea

- | | |
|--|----|
| 14. Foreign Body in the Airway | 41 |
| 15. Tracheobronchial Injuries, Stenosis and Fistulae | 43 |
| 16. Tracheal Tumors | 47 |

Section 6: Lung

- | | |
|-----------------------------|----|
| 17. Surgery for Emphysema | 49 |
| 18. Lung Abscess | 52 |
| 19. Mycobacterial Infection | 54 |
| 20. Mycotic Infection | 57 |

21. Hemoptysis	60
22. Lung Cancer Screening	63
23. Solitary Pulmonary Nodule	67
24. Mediastinal Staging of Lung Cancer	71
25. Lung Cancer	73
26. Lung Cancers of Special Consideration	77
27. Metastatic Tumors of the Lung	81

Section 7: Esophagus

28. Achalasia	83
29. Gastroesophageal Reflux Disease	86
30. Diaphragmatic Hernias and Eventration	90
31. Esophageal Diverticulum	93
32. Esophageal Carcinoma	97
33. Foreign Body in the Esophagus	102
34. Esophageal Perforation	104
35. Esophageal Strictures and Fistula	107

Section 8: Transplantation

36. Lung Donation	110
37. Lung Transplantation	112
