

CONTENTS

Chapter 1: A Clinical Approach to Gynaecology	1
❑ Psychosomatic and Sociological Aspects of Gynaecology	2
❑ Clinical Methods	2
❑ Physical Examination	6
❑ Special Tests and Accessory Aids to Diagnosis	12
❑ Endometrial Sampling Procedures	12
❑ Transvaginal Sonography	14
❑ Transrectal Sonography	14
❑ Colour Doppler	14
❑ Endoscopy	16
❑ Laparoscopy	16
❑ Hysteroscopy	18
❑ Computed Tomography	19
❑ Magnetic Resonance Imaging	20
❑ PET Scan	21
Chapter 2: Anatomy	23
❑ Vulva	23
❑ Vagina	27
❑ Uterus	32
❑ Fallopian Tubes	36
❑ Ovary	38
❑ Urethra and Bladder	39
❑ Ureter	43
❑ Sigmoid Colon	43
❑ Rectum and Anus	44
❑ Pelvic Peritoneum and Ligaments	45
❑ Pelvic Musculature	46
❑ Pelvic Fascia and Cellular Tissue	47
❑ The Supports of the Genital Organs	47
❑ Blood Vessels of the Pelvis	48
❑ Lymphatic Drainage	52
❑ Innervation of Pelvic Organs	54
Chapter 3: Ovarian Functions	58
❑ Production of Ova	59
❑ Ovarian Hormones	71
❑ Pituitary Hormones	77
❑ Pituitary-Hypothalamic Relations	78
❑ Pituitary-Ovarian Relations (Control of Ovulation)	80
❑ Hormone Levels and Assays	81

Chapter 4: Menstruation and Other Cyclical Phenomena	83
<input type="checkbox"/> Normal Menstrual Cycle 83	
<input type="checkbox"/> Endometrial Cycle 83	
<input type="checkbox"/> Correlation of Endometrial and Ovarian Cycle 88	
<input type="checkbox"/> Uterine Bleeding 90	
<input type="checkbox"/> The Myometrial Cycle 94	
<input type="checkbox"/> Cyclical Changes in the Tube 94	
<input type="checkbox"/> The Cervical Cycle 94	
<input type="checkbox"/> The Vaginal Cycle 95	
<input type="checkbox"/> Cyclical, Metabolic, Vascular and Psychological Changes 95	
Chapter 5: Clinical Aspects of Menstruation and Ovulation	97
<input type="checkbox"/> Menstruation 97	
<input type="checkbox"/> The Menopause and the Climacteric 100	
<input type="checkbox"/> Abnormal Menopause 108	
<input type="checkbox"/> Ovulation 109	
Chapter 6: Puberty and Adolescent Gynaecology	119
<input type="checkbox"/> Puberty and Adolescence 119	
<input type="checkbox"/> Abnormalities of Puberty and Adolescence 123	
<input type="checkbox"/> Prolactin 130	
<input type="checkbox"/> Puberty Menorrhagia 132	
Chapter 7: Conception	134
<input type="checkbox"/> Process 134	
<input type="checkbox"/> Early Development of the Ovum 136	
<input type="checkbox"/> Formation of Foetus and Membranes 137	
<input type="checkbox"/> Hormonal Control of Early Pregnancy 141	
Chapter 8: Spontaneous Abortions (Including Recurrent Loss)	143
<input type="checkbox"/> Spontaneous Abortions 143	
<input type="checkbox"/> Pathology of Spontaneous Abortions 143	
<input type="checkbox"/> Causes of Spontaneous Abortion 144	
<input type="checkbox"/> Clinical Varieties of Spontaneous Abortions 148	
<input type="checkbox"/> Recurrent Early Pregnancy Loss 150	
<input type="checkbox"/> Risk Factors for Recurrent Miscarriage 151	
<input type="checkbox"/> Investigations 154	
<input type="checkbox"/> Management 154	
Chapter 9: Ectopic Pregnancy and Pregnancy of Unknown Location	157
<input type="checkbox"/> Frequency of Ectopic Pregnancy 157	
<input type="checkbox"/> Sites of Ectopic Pregnancy 157	
<input type="checkbox"/> Aetiology of Ectopic Pregnancy 158	
<input type="checkbox"/> Ectopic Pregnancy in Fallopian Tubes 159	
<input type="checkbox"/> Management and Treatment Options of Ectopic Pregnancy 170	
<input type="checkbox"/> Expectant Management 170	
<input type="checkbox"/> Medical Management 171	

- ❑ Surgical Management 172
- ❑ Complications of Ectopic Pregnancy 177
- ❑ Ovarian Pregnancy 177
- ❑ Cornual Pregnancy 178
- ❑ Cervical Pregnancy 178
- ❑ Abdominal Pregnancy 179
- ❑ Interstitial Pregnancy 180
- ❑ Intraligamentary Pregnancy 181

Pregnancy of Unknown Location 182

- ❑ Outcome of Ectopic Pregnancy 182
- ❑ Diagnosis 183
- ❑ Management of Pregnancy of Unknown Location 183

Chapter 10: Gestational Trophoblastic Disease 188

- ❑ Epidemiology 188
- ❑ Types of Tumours 188
- ❑ Aetiology 189
- ❑ Hydatidiform Mole 189
- ❑ Persistent Gestational Trophoblastic Tumour 196

Chapter 11: Breast Function and its Disorders 204

- ❑ Breast Development 204
- ❑ Developmental Anomalies of Breast 206
- ❑ Breast Feeding and Lactation 209
- ❑ Endocrine Disorders (Galactorrhoea and Breast Atrophy) 211
- ❑ Benign Breast Condition 214
- ❑ Screening for Breast Diseases 216
- ❑ Benign Breast Disease 217
- ❑ Breast Cancer 221
- ❑ Epidemiology 221

Chapter 12: Development of the Urogenital System 227

- ❑ The Gonad 227
- ❑ Wolffian System 228
- ❑ Müllerian Ducts 231
- ❑ Mesenteries and Ligaments 231
- ❑ Development of the Vagina, Bladder and Urethra 232
- ❑ Development of the Vulva 234

Chapter 13: Malformations and Maldevelopments of the Genital Tract 235

- ❑ Causes of Malformations 235
- ❑ Cytogenetics 237
- ❑ Uterine Anomalies 239
- ❑ Ovary 252
- ❑ Fallopian Tube 253
- ❑ Uterus 253
- ❑ Conical Cervix and Pinhole Ostium 255
- ❑ Vagina 255

- Vulva 258
- Errors Arising in Connection with the Cloaca 260
- Malformations of the Urinary Tract 261

Chapter 14: Disorders of Sexual Development, Asexuality and Intersexuality 263

- Determinants of Sexual Development in Humans 277
- Aetiology 279
- Clinical Presentation 282
- Investigations 283
- Management 284
- Intersex Developing After Birth 287
- Feminism 287
- Virilism 288
- Ambiguous Genitalia 293

Chapter 15: Injuries 296

- Foreign Bodies in the Genital Tract 296
- Vaginal Burns 298
- Direct Trauma to Vulva and Vagina 299
- Defective or Deficient Perineum 301
- Complete Perineal Tear 301
- Laceration of the Cervix 303
- Rupture and Perforation of the Uterus 306
- Broad Ligament Haematoma 307
- Genital Tract Fistulas 308
- Acquired Atresia and Stenosis of the Genital Tract 315

Chapter 16: Female Genital Mutilation 320

- Indications 321
- Diagnosis 322
- Management in the UK Practice 322
- Complications 324

Chapter 17: Pelvic Organ Prolapse 327

- Uterine and Vaginal Prolapse 327
- Prolapse of the Ovaries 346

Chapter 18: Other Displacements of the Uterus 348

- Upward Displacement of the Uterus 348
- Lateral Displacement of the Uterus 348
- Forward Displacement of the Uterus 349
- Backward Displacement of the Uterus 349
- Retroverted Gravid Uterus 354
- Inversion of the Uterus 355
- Chronic Inversion 356

Chapter 19: Torsion of Pelvic Organs	359
<input type="checkbox"/> Torsion of the Normal Organs	359
<input type="checkbox"/> Torsion of Abnormal Organs	359
<input type="checkbox"/> Aetiology	361
<input type="checkbox"/> Differential Diagnosis	363
<input type="checkbox"/> Treatment	363
Chapter 20: Infections Including Sexually Transmitted Diseases	365
<input type="checkbox"/> The Natural Defences of the Genital Tract	365
<input type="checkbox"/> Sexually Transmitted Diseases	367
<input type="checkbox"/> Other Sexually Transmitted Infections	367
<input type="checkbox"/> Genital Tuberculosis	381
<input type="checkbox"/> Sarcoidosis	389
<input type="checkbox"/> Actinomycosis	390
<input type="checkbox"/> Schistosomiasis (Bilharzia)	390
<input type="checkbox"/> Amoebiasis	390
Chapter 21: Infections as they Affect Individual Organs	392
<input type="checkbox"/> Vulvitis	392
<input type="checkbox"/> Bartholinitis	396
<input type="checkbox"/> Vaginitis	397
<input type="checkbox"/> Cervicitis	405
<input type="checkbox"/> Endometritis	407
<input type="checkbox"/> Metritis	407
<input type="checkbox"/> Salpingo-oophoritis	408
<input type="checkbox"/> Oophoritis	413
<input type="checkbox"/> Pelvic Peritonitis	414
<input type="checkbox"/> Pelvic Cellulitis	414
<input type="checkbox"/> Chronic Cellulitis	416
<input type="checkbox"/> Pelvic Inflammatory Disease	416
<input type="checkbox"/> Suppurative Thrombophlebitis of the Pelvic Veins	418
Chapter 22: Genital Tuberculosis	420
<input type="checkbox"/> Clinical Profile	421
<input type="checkbox"/> Classification	421
<input type="checkbox"/> Diagnosis	421
<input type="checkbox"/> Pathology of Pelvic Organs	431
Chapter 23: Endometriosis and Chronic Pelvic Pain	432
Endometriosis and Allied States	432
<input type="checkbox"/> Endometriosis and Adenomyosis	432
<input type="checkbox"/> Adenomyosis	451
<input type="checkbox"/> Endosalpingiosis	452
<input type="checkbox"/> Cervical Endometriosis	452
Low Backache and Chronic Pelvic Pain	453
<input type="checkbox"/> General Considerations	453
<input type="checkbox"/> Causes in the Genital Tract	453
<input type="checkbox"/> Extragenital Causes	455

- Management and Treatment 455
- Chronic Pelvic Pain 456
- General Considerations 457
- Step-wise Evaluation of Chronic Pelvic Pain 457
- Examination 457
- Diagnostic Investigations 457
- Management 458

Chapter 24: Polycystic Ovary Syndrome 460

- Puberty and Polycystic Ovarian Syndrome 466
- Menstrual Irregularities 467
- Infertility 468
- Weight Loss 469
- Clomiphene Citrate 469
- Metformin 469
- Laparoscopic Ovarian Drilling 470
- Gonadotrophin Therapy 470
- Long-Term Monitoring 471

Chapter 25: Hirsutism 473

- Virilisation and Masculinisation 473
- Diagnosis of Hyperandrogenism 477
- Late Onset Adrenal Hyperplasia 480

Chapter 26: Epithelial Abnormalities of the Genital Tract 481

- Pathology 481
- Aetiology 483
- Symptoms 484
- Diagnosis 484
- Treatment 484
- Vulvar and Oral Epithelial Abnormalities 485
- Vulvar Intraepithelial Neoplasia 486
- Vagina 489
- Cervix 490
- Uterine Corpus 501
- Fallopian Tube 505

Chapter 27: Genital Cancers 514

- Importance of Genital Cancer 514
- Treatment and Results 514
- Prevention of Pelvic Cancer 516
- Early Diagnosis 516
- General Management of the Cancer Patient 520
- Management of Advanced Pelvic Cancer 521

Chapter 28: Tumours of the Vulva 527

- Swellings of the Vulva 527
- Varicose Veins 528

- Oedema 528
- Retention Cysts 528
- Benign Neoplasms 529
- Malignant Neoplasms of Vulva 531
- Histology 531
- Tumours of Bartholin's Gland 538
- Urethral Tumours 539
- Tumours of the Inguinal Canal 542

Chapter 29: Tumours of the Vagina 544

- Swellings of the Vagina 544
- Vaginal Cysts 544
- Benign Neoplasms 545
- Malignant Neoplasms 547
- Squamous Cell Carcinoma 549
- Adenocarcinoma 550
- Melanoma 551
- Sarcoma 551

Chapter 30: Tumours of the Cervix Uteri 553

- Benign Neoplasms of Cervix 553
- Benign Tumours of Cervix 553
- Carcinoma of Cervix 555
- Screening for Cervical Cancer 558
- Other Malignant Tumours of the Cervix 572

Chapter 31: Tumours of the Corpus Uteri 573

- Enlargement of Uterus 573
- Polyps 574
- Benign Neoplasms 574
- Malignant Neoplasms 595

Chapter 32: Adenomyosis 608

- Aetiology 608
- Diagnosis 609
- Differential Diagnosis 610
- Management 610
- Medical Therapy 610
- Surgical Management 611
- Complications 611

Chapter 33: Tumours of the Fallopian Tubes 613

- Benign Neoplasms 613
- Primary Malignant Neoplasms 613
- Secondary Malignant Neoplasms 618
- Prevention of Fallopian Tube Cancer 618
- Recurrent Disease 618
- Coping with Disease 618

Chapter 34: Tumours of the Pelvic Ligaments	619
<ul style="list-style-type: none"> <input type="checkbox"/> Cysts of the Broad Ligament and Associated Structures 619 <input type="checkbox"/> Neoplasms of the Pelvic Ligaments and Connective Tissues 621 <input type="checkbox"/> Neoplasms of the Peritoneum 621 	
Chapter 35: Tumours of the Ovary	623
<ul style="list-style-type: none"> <input type="checkbox"/> Ovarian Enlargements 623 <input type="checkbox"/> Distension or Retention Cysts 623 <input type="checkbox"/> Types 623 <input type="checkbox"/> Ovarian Neoplasms 626 <input type="checkbox"/> Features Suggestive of Malignancy 650 <input type="checkbox"/> Screening 651 <input type="checkbox"/> Borderline Tumours 651 <input type="checkbox"/> Complications 652 <input type="checkbox"/> Staging of Ovarian Cancer 653 <input type="checkbox"/> Treatment 654 <input type="checkbox"/> Metastatic (Secondary) Ovarian Tumours 660 <input type="checkbox"/> Ovarian and Parovarian Tumours and Pregnancy 662 	
Chapter 36: Chemotherapy in Gynaecological Malignancies	665
<ul style="list-style-type: none"> <input type="checkbox"/> Clinical Use of Chemotherapy 666 <input type="checkbox"/> Assessment of Response to Chemotherapy 666 <input type="checkbox"/> Chemotherapy and the Cell Cycle 666 <input type="checkbox"/> Stem Cell Theory 666 <input type="checkbox"/> Cell-Kill Hypothesis 667 <input type="checkbox"/> Therapeutic Agents Used in the Treatment of Gynaecological Cancer 668 <input type="checkbox"/> Chemotherapy Resistance of Cancer Cells 669 <input type="checkbox"/> Poor Host Defences 669 <input type="checkbox"/> Protected Tumour Sanctuaries 670 <input type="checkbox"/> Route of Administration 670 	
Chapter 37: Radiotherapy in Gynaecological Malignancies	671
<ul style="list-style-type: none"> <input type="checkbox"/> The Biological Basis of Radiotherapy Treatment 671 <input type="checkbox"/> Radiation Dosage 671 <input type="checkbox"/> The Therapeutic Ratio 672 <input type="checkbox"/> Radiotherapy Machines 672 <input type="checkbox"/> Brachytherapy 672 <input type="checkbox"/> Radiotherapy in Endometrial Cancer 672 <input type="checkbox"/> Aggressive Histological Variants 673 <input type="checkbox"/> Radiotherapy in Carcinoma Cervix 673 <input type="checkbox"/> Brachytherapy in Carcinoma Cervix 674 <input type="checkbox"/> External Radiation Therapy Techniques 674 <input type="checkbox"/> Chemoradiation in Locally Advanced Carcinoma Cervix 674 	
Chapter 38: Immunotherapy in Obstetrics and Gynaecology	676
<ul style="list-style-type: none"> <input type="checkbox"/> Definition 676 <input type="checkbox"/> Basics of Immunotherapy 676 <input type="checkbox"/> Causes of Failure of Immunosurveillance 676 	

- Tumour-associated Antigens 677
 - Types of Immunotherapy 680
 - Monoclonal Antibodies as Therapeutic Agents 682
 - Other Areas of Application of Immunotherapy in Obstetrics and Gynaecology 683
 - Case Studies 685
- Chapter 39: Amenorrhoea, Hypomenorrhoea, and Oligomenorrhoea 687**
- Amenorrhoea 687
 - Aetiology 687
 - Treatment 703
 - Hypomenorrhoea 706
 - Oligomenorrhoea 709
- Chapter 40: Abnormal and Excessive Uterine Bleeding 711**
- The Term Dysfunctional Uterine Bleeding is Obsolete Now and No Longer in Use 711
 - Causes of AUB-PALM COEIN 712
 - Subserous Fibroid 714
 - Intramural Fibroid 714
 - Lasmaar Classification 714
 - Submucous (SM2) Myoma by Lasmaar Classification 714
 - Special Clinical Types of Bleeding 719
- Chapter 41: Dysmenorrhoea 723**
- Primary Dysmenorrhoea 723
 - Secondary Dysmenorrhoea 727
 - Membranous Dysmenorrhoea 730
 - Other Conditions Simulating Dysmenorrhoea 730
- Chapter 42: Premenstrual Syndrome and Other Menstrual Phenomena 732**
- Premenstrual Syndrome 732
 - Menstrual Migraine 735
 - Premenstrual Mastalgia 736
 - Recurrent (Cyclical) Buccal and Vulvar Ulceration 736
 - Pelvic Allergy 738
 - Vicarious Menstruation 738
 - Cyclical Haemothorax and Pneumothorax 739
 - Menstrual Epilepsy 740
- Chapter 43: Hormone Therapy in Gynaecology 742**
- Oestrogens 742
 - Anti-oestrogens 748
 - Progestogens 749
 - Antiprogestogens 752
 - Androgens 752
 - Antiandrogens 754
 - Types of Gonadotrophins 755
 - Antigonadotrophins 756
 - Hypothalamic Hormones 758

Chapter 44: Vaginal Discharge	761
<input type="checkbox"/> General Considerations	761
<input type="checkbox"/> Causes of Physiological Discharge	761
<input type="checkbox"/> Prognosis	765
<input type="checkbox"/> Risk Factors	765
<input type="checkbox"/> Diagnosis	765
<input type="checkbox"/> Management	767
<input type="checkbox"/> Therapy	767
<input type="checkbox"/> Prevention	769
Chapter 45: Pruritus Vulvae and Vulvodynia	770
<input type="checkbox"/> Definition and Incidence	770
<input type="checkbox"/> Pathophysiology	770
<input type="checkbox"/> Natural Defence Mechanisms	770
<input type="checkbox"/> Aetiological Classification of Pruritus Vulvae	771
<input type="checkbox"/> Causes of Pruritus According to Age Groups	771
<input type="checkbox"/> Evaluation of Patient with Pruritus	771
<input type="checkbox"/> Investigations	772
<input type="checkbox"/> General Measures for Women with Pruritus	772
<input type="checkbox"/> Differential Diagnosis of Pruritus	772
<input type="checkbox"/> Treatment	777
<input type="checkbox"/> Results	777
<input type="checkbox"/> Vulvodynia	778
<input type="checkbox"/> Management	779
Chapter 46: Problems of Sex and Marriage	782
<input type="checkbox"/> Physical Sex—Coitus	783
<input type="checkbox"/> Masturbation	785
<input type="checkbox"/> Apareunia and Dyspareunia	786
<input type="checkbox"/> Female Frigidity	790
<input type="checkbox"/> Nymphomania	793
<input type="checkbox"/> Coital Difficulties in the Male	793
<input type="checkbox"/> Homosexuality	797
<input type="checkbox"/> Transvestism and Transsexuality	797
<input type="checkbox"/> Premarital Chastity and Faithfulness in Marriage	798
Chapter 47: Male and Female Infertility Overview	800
<input type="checkbox"/> Infertility	800
<input type="checkbox"/> Frequency	800
<input type="checkbox"/> Concept of Fertility	800
<input type="checkbox"/> Causes of Infertility	801
<input type="checkbox"/> The Investigation of Infertility	806
<input type="checkbox"/> Treatment	817
Chapter 48: Assisted Reproductive Technology	828
<input type="checkbox"/> In Vitro Fertilisation and Embryo Transfer	828
<input type="checkbox"/> Controlled Ovarian Hyperstimulation	829
<input type="checkbox"/> Oocyte Retrieval	829

<input type="checkbox"/> Insemination	829
<input type="checkbox"/> Embryo Transfer	831
<input type="checkbox"/> Outcome	832
<input type="checkbox"/> Cryopreservation	832
<input type="checkbox"/> Oocyte Donation	833
<input type="checkbox"/> Embryo Donation	834
<input type="checkbox"/> Surrogacy	834
<input type="checkbox"/> Intrauterine Insemination	834
<input type="checkbox"/> Donor Insemination	836
<input type="checkbox"/> Other ART Methods	836
<input type="checkbox"/> Results of Treating Infertility	838
<input type="checkbox"/> Dangers of Investigating and Treating Infertility	838
<input type="checkbox"/> Complications of ART	839
<input type="checkbox"/> Adoption	840
Chapter 49: Instruments in Gynaecological Procedures	842
<input type="checkbox"/> Instruments	842
<input type="checkbox"/> Gynaecological Procedures	849
Chapter 50: Ultrasonography in Gynaecology	852
<input type="checkbox"/> Indications for Gynaecology	852
<input type="checkbox"/> Techniques	852
<input type="checkbox"/> Normal Female Pelvic Anatomy	852
<input type="checkbox"/> Uterus	854
<input type="checkbox"/> Adenomyosis	860
<input type="checkbox"/> Endometrium	863
<input type="checkbox"/> Cervix	865
<input type="checkbox"/> Ovarian Anatomy	866
<input type="checkbox"/> Polycystic Ovary	872
<input type="checkbox"/> Ovarian Malignant Lesions	872
<input type="checkbox"/> Fallopian Tubes	877
Chapter 51: Ultrasound in Infertility	880
<input type="checkbox"/> Method	880
<input type="checkbox"/> Uterine Abnormalities	881
<input type="checkbox"/> Cycle Assessment Consists of Baseline Scan, Preovulatory Scan and Secretory Scan	899
Chapter 52: Ultrasound in Menopause	908
<input type="checkbox"/> Normal Uterus in Menopause	909
<input type="checkbox"/> Post-menopausal Bleeding	909
<input type="checkbox"/> Normal Atrophic Ovary	911
<input type="checkbox"/> Fluid in Pouch of Douglas	912
<input type="checkbox"/> Ovary and Ovarian Cancer Screening	912
Chapter 53: Robotics Surgery	914
<input type="checkbox"/> Features of Robotic Surgery	914
<input type="checkbox"/> Overview	916
<input type="checkbox"/> Advantages of Robotic Surgery	918

- Risks of Robotic Surgery 919
- Innovations Used in Robotic Surgery 919
- Indications for Use of Robotic Surgery in Gynaecology 921
- Endometriosis 921
- Myomectomy 923
- Criticism and Controversies 923
- Experience in Last Decade 925

Chapter 54: Endoscopic Surgery in Gynaecology

927

Laparoscopic Surgery 927

- Surgical Equipment 928
- Indications 934
- Contraindications to Laparoscopy 938
- Preoperative Preparation 938
- Surgical Steps 939
- Postoperative Care 942
- Advantages 942
- Disadvantages 942
- Complications 942

Hysteroscopic Surgery 944

- Surgical Equipment 944
- Indications 948
- Preoperative Preparation 951
- Surgical Steps 952
- Postoperative Care 954
- Advantages 955
- Disadvantages 955
- Complications 955

Laparo-endoscopic Single-Site Surgery 958

- Surgical Equipment 958
- Indications 959
- Laparo-endoscopic Single-Site Surgical Techniques 959
- Advantages 961
- Complications 962

Chapter 55: Contraception

965

- General Consideration 965
- Epidemiology 965
- Impact of Contraception Throughout the World 966
- Efficacy of Contraception 966
- Indications for Contraception 967
- Criteria for the Use of Various Contraceptive Methods 967
- Contraceptive Methods 967
- Natural Family Planning Method 967
- Barrier Methods 971
- Intrauterine Contraceptive Devices 978
- Hormonal Contraception Methods 994
- Progestogen-Only Contraception 1006
- Emergency Postcoital Contraception (Morning After Pills) 1014

- ❑ Other Methods of Contraception 1017
- ❑ Choice of Methods 1022
- ❑ Contraception Choice for Older Women 1022
- ❑ Contraception and Litigation 1023

Chapter 56: Sterilisation and Termination of Pregnancy 1026

- ❑ Sterilisation 1026
- ❑ Female Sterilisation 1027
- ❑ Male Sterilisation 1030
- ❑ Compulsory Sterilisation 1031
- ❑ Termination of Pregnancy 1031
- ❑ Abortion as a Means of Contraception 1039

Chapter 57: Urinary Incontinence 1040

- ❑ Bladder Dysfunction 1040
- ❑ Urethral Sphincter Dysfunction 1043
- ❑ Investigation of Urinary Problems 1045
- ❑ Treatment of Urinary Problems 1047
- ❑ Incontinence of Urine 1048
- ❑ Management 1052
- ❑ Overview of Surgical Management 1053
- ❑ Enuresis 1060
- ❑ Urinary Retention and Difficulty in Micturition 1061

Chapter 58: Urinary Tract Infection 1066

- ❑ Aetiology 1067
- ❑ Diagnosis 1067
- ❑ Investigations 1068
- ❑ Management 1069
- ❑ Treatment 1069
- ❑ Complications 1071
- ❑ Clinical Pearls 1072
- ❑ Evidence-Based Medicine 1072

Chapter 59: Menopause 1074

- ❑ History 1074
- ❑ Definitions and Staging of Menopause 1074
- ❑ Physiology of Menopause 1076
- ❑ Problems Associated with Menopause 1078
- ❑ Effect of Oestrogen Deficiency 1079
- ❑ Menstrual Problems 1087
- ❑ Management of Menopause 1089
- ❑ Various Types of Hormonal and Non-hormonal Pharmacological Agents Available 1090
- ❑ Use of Progesterone for HRT 1092
- ❑ Hormone Therapy in Special Circumstances 1092
- ❑ Androgens in Menopause 1094
- ❑ Symptoms of Menopause 1094

Chapter 60: Hysterectomy and its Aftermath	1095
<input type="checkbox"/> History 1095	
<input type="checkbox"/> Operative Steps 1095	
<input type="checkbox"/> Vaginal Hysterectomy 1098	
<input type="checkbox"/> Total Laparoscopic Hysterectomy 1100	
<input type="checkbox"/> Depression Following Hysterectomy and the Influencing Factors 1102	
<input type="checkbox"/> Hysterectomy and Sexual Functioning 1102	
Chapter 61: Conditions of the Lower Intestinal Tract	1103
<input type="checkbox"/> Rectal Prolapse 1103	
<input type="checkbox"/> Incontinence of Faeces and Flatus 1106	
<input type="checkbox"/> Diarrhoea 1107	
<input type="checkbox"/> Difficult Evacuation 1107	
<input type="checkbox"/> Irritable Bowel Syndrome 1108	
<input type="checkbox"/> Pruritus Ani 1109	
<input type="checkbox"/> Rectal and Anal Pain 1110	
Chapter 62: Preoperative and Postoperative Management: Postoperative Complications	1113
<input type="checkbox"/> Fluid and Electrolytes 1113	
<input type="checkbox"/> Preoperative Management 1114	
<input type="checkbox"/> Postoperative Management 1117	
<input type="checkbox"/> Fast-Track Protocol 1121	
<input type="checkbox"/> Postoperative Examination 1122	
<input type="checkbox"/> Postoperative Complications 1123	
Chapter 63: Nutrition and Exercise in Women	1138
Nutrition in Women from Adolescence to Menopause 1138	
<input type="checkbox"/> Nutrition Basics 1138	
<input type="checkbox"/> Proteins 1139	
<input type="checkbox"/> Fats 1139	
<input type="checkbox"/> Carbohydrates 1141	
<input type="checkbox"/> Energy 1143	
<input type="checkbox"/> Adolescents Nutrition 1144	
Exercise and Physiotherapy in Gynaecology 1152	
<input type="checkbox"/> Active Muscle Exercises 1152	
<input type="checkbox"/> Electrical Stimulation of Pelvic Muscles 1154	
<input type="checkbox"/> Short-Wave Therapy 1154	
<input type="checkbox"/> Infrared Radiation 1154	
<input type="checkbox"/> Transcutaneous Electric Nerve Stimulation 1154	
<input type="checkbox"/> Ultrasound 1155	
Chapter 64: Applications of Laser in Gynaecology	1157
<input type="checkbox"/> Types of Lasers 1157	
<input type="checkbox"/> Mechanism of Action 1157	
<input type="checkbox"/> Laser Surgery for Cervix 1159	
<input type="checkbox"/> Laser Surgery of the Vulva 1160	
<input type="checkbox"/> Laser Surgery of the Vagina 1160	
<input type="checkbox"/> Intra-abdominal Laser Surgery 1160	

- ❑ Gynaecologic Laser Laparoscopy 1160
- ❑ Hysteroscopic Laser Surgery 1161

Chapter 65: Genetics in Gynaecology 1162

- ❑ Genetics of Gynaecological Cancers 1163
- ❑ Family History of Gynaecological Cancers 1163
- ❑ Human Papillomavirus Integration and its Role in Cervical Malignant Progression 1163
- ❑ Hereditary Breast and Ovarian Cancer Syndrome 1163
- ❑ Genetic and Functional Analyses of Polymorphisms in the Human FSH Receptor Gene 1164
- ❑ Congenital Adrenal Hyperplasia 1164
- ❑ Genetics of Human Hypogonadotropic Hypogonadism 1164
- ❑ Variation in the Timing of Puberty: Clinical Spectrum and Genetic Investigation 1165
- ❑ Genetic Counselling 1165
