

Contents

1. Diabetes: Diagnosis and Classification	1
<i>Arturo R Rolla</i>	
▪ Prediabetes	4
▪ Impaired glucose tolerance	5
2. Type 2 Diabetes: Pathogenesis	8
<i>Arturo R Rolla</i>	
▪ Pathogenesis	8
3. Treatment of Type 2 Diabetes: Oral Agents	16
<i>Bhavana Sosale, Aravind R Sosale</i>	
▪ Classification of Oral Antidiabetic Drugs	16
▪ Choosing the Oral Antidiabetic Agent	22
▪ Clinical Summary for Practice	24
4. Monitoring Glycemic Control: Focus on Alternate Markers of Glycemia	29
<i>Anjali Amit Bhatt, Manish M Bothale, AG Unnikrishnan</i>	
▪ Evidence for Utility of HbA1c—Mean Plasma Glucose and Vascular Complications of Diabetes	29
▪ Methodological Considerations	30
▪ Limitations in use of HbA1c	30
▪ Recommendations for Clinical use of HbA1c	31
▪ Alternative Biomarkers for Assessing Glycemic Control in Diabetes	32
▪ Conclusion and Future Directions	32
5. Insulin Pump Therapy	35
<i>Jothydev Kesavadev, Viswanathan Mohan, Ranjit Unnikrishnan, Ranjit Mohan Anjana</i>	
▪ The Insulin Pump	35
▪ What are insulin pumps?	35
▪ Basal Rate Infusions	36
▪ Bolus Infusions	37
▪ Advanced Features in Newer Pumps	37
▪ Evidences Favoring Insulin Pump Therapy	38
▪ Indications of Insulin Pump Therapy	39
▪ Advantages and Disadvantages of Insulin Pump	40
▪ Contraindications to Insulin Pump Therapy	41
▪ Artificial Pancreas	41
6. Diabetes in Older Adults	45
<i>Medha N Munshi, Alan Sinclair</i>	
▪ Scope of the Problem	45
▪ Pathophysiology of Diabetes in Older Adults	46

- *Presentation and Heterogeneity in Older Adults with Diabetes* 46
- *Comorbidities and Complications* 47
- *Hypoglycemia* 50
- *Pharmacotherapy* 53
- *Educational Strategies in Older Adults with Diabetes* 58
- *Self-Monitoring Programs* 59

7. Diabetic Retinopathy 61

Paolo S Silva, Jerry D Cavallerano

- *Epidemiology* 61
- *Pathophysiology* 62
- *Lesions of Diabetic Retinopathy* 62
- *Classification of Diabetic Retinopathy and Severity Levels* 64
- *Current Treatment for Diabetic Retinopathy* 71
- *Risk Factors for Onset and Progression of Diabetic Retinopathy* 73
- *Nonretinal Complications of Diabetes* 74
- *Recommended Eye Examination Frequency* 75
- *Future Directions* 76

8. Diabetic Kidney Disease 79

Robert C Stanton

- *Epidemiology* 79
- *How to Screen for and Diagnose Diabetic Kidney Disease* 81
- *Primary Prevention of Diabetic Kidney Disease* 84
- *Treatment of Diabetic Kidney Disease* 86
- *Complications of Chronic Kidney Disease* 88

9. The Diabetic Foot 91

David R Campbell, Arturo R Rolla

- *Foot Deformities* 92
- *Foot Inspection* 97
- *Neurological Examination* 97
- *Vascular Examination* 99
- *Management of Acute Diabetic Foot Problems* 99
- *Treatment* 101
- *Osteomyelitis* 103

10. Peripheral Vascular and Cerebrovascular Diseases 106

David R Campbell, Arturo R Rolla

- *Peripheral Vascular Disease* 106
- *Treatment of Asymptomatic Patients with Peripheral Vascular Disease or with Moderate Intermittent Claudication (Stages 1 and 2)* 109
- *Treatment of Patients with Severe, Disabling Peripheral Vascular Disease (Stage 3)* 110
- *Treatment of Resting Pain, Acute Limb Ischemia, and Gangrene (Stages 4 and 5)* 111
- *Amputations* 112
- *Cerebrovascular Disease* 113

11. Diabetes Mellitus and Infection	116
<i>Sanjay Agarwal, Ashwin Pillai</i>	
▪ Immune Perturbation	116
▪ Creation of a Milieu Favoring Pathogen Growth	118
▪ Diabetes and Specific Infections	119
▪ Principles of Management	135
12. Hypertension and Diabetes	139
<i>Robert C Stanton</i>	
▪ Diagnosis and Monitoring of Blood Pressure	139
▪ Blood Pressure Goals	141
▪ Treatment	145
▪ Primary Hyperaldosteronism and Renal Artery Stenosis	147
▪ Final Recommendations	148
13. Nonalcoholic Fatty Liver Disease in Diabetes	150
<i>Karunakaran Indulekha, Ranjit Mohan Anjana</i>	
<i>Ranjit Unnikrishnan, Viswanathan Mohan</i>	
▪ Causes of Nonalcoholic Fatty Liver Disease	150
▪ Trends in the Coexistence of Nonalcoholic Fatty Liver Disease and Diabetes In India	151
▪ Pathogenesis of Nonalcoholic Fatty Liver Disease	152
▪ Liver Insulin Resistance and Nonalcoholic Fatty Liver Disease	152
▪ Adipose Tissue Insulin Resistance and Nonalcoholic Fatty Liver Disease	153
▪ Inflammation and Oxidative Stress Linking Nonalcoholic Fatty Liver Disease and Diabetes	154
▪ Diagnosis, Grading, and Staging of Nonalcoholic Fatty Liver Disease	155
▪ Management of Nonalcoholic Fatty Liver Disease	158
14. Gastrointestinal Complications of Diabetes Mellitus	164
<i>Parimal Lawate</i>	
▪ Esophageal Involvement	165
▪ Gastroparesis	165
▪ Treatments Directed at the Pylorus	170
15. Diabetes and Pregnancy	171
<i>Jennifer A Wyckoff, Florence M Brown</i>	
▪ Historical Perspective	171
▪ Definitions	172
▪ Epidemiology	173
▪ Glucose Metabolism in Pregnancy	174
▪ The Preconception Period	175
▪ Pregnancy	183
▪ The Postpartum Period	195

16. Skin Lesions in Diabetes 209*Arturo R Rolla*

- *Dermopathies Usually Associated with Diabetes Mellitus* 209
- *Lesions Due to Metabolic Alterations* 230
- *Skin Infections more Common in Diabetes* 232
- *Bacterial Infections of the Skin* 236
- *Skin Complications of Treatments* 237
- *Skin Lesions with Increased Incidence in Diabetes Mellitus* 241

17. Cardiovascular Outcomes in Type 2 Diabetes Mellitus 263*Nandhakumar Vasu, Mullasari S Ajit, Sunil Sathe*

- *Cardiovascular Outcome of Antidiabetic Drugs Before 2008* 263
- *Cardiovascular Outcome of Diabetes Mellitus and Systemic Hypertension* 264
- *Cardiovascular Outcome of Newer Antidiabetic Drugs* 265

***Index* 277**
