SECTION 1: GYNAECOLOGY

1. Fibroid Uterus	3
<i>Sujata Dalvi, Ameya Purandare</i>	
• Etiology	3
• Clinical Features	5
• Diagnosis	5
• Management	6
2. Modern Modalities in the Management of Abnormal Uterine Bleeding	13
<i>Rohan Palshetkar, Pratik Tambe</i>	
• Palm-Coein Classification	13
• Modern Modalities of Management	14
3. Conservative Sling Operations for Pelvic Organ Prolapse	22
<i>Ajit M Virkud</i>	
• Prevalence	22
• Economic Impact	23
• Etiopathology	23
• Current Management	23
4. Menopause Hormone Therapy	30
<i>Parag Biniwale, Shraddha Agarwal</i>	
• Indications of Menopause Hormone Therapy	31
• When to Start?	31
• Contraindications of Hormone Therapy	31
• Different Drugs are Used for MHT	31
• Monitoring of Women of MHT	36
• FDA Approved Indications of MHT	39
5. Ureteric Injuries	41
<i>Hara Pattanaik, Pratik Tambe</i>	
• Types of Injury	41
• Etiology	43
• Laparoscopic Injuries	43
• Prevention of Ureteric Injury	44
• Diagnosis Intraoperatively	44
• Management	45
• Principles of Surgical Repair of Ureteric Injury	45
• Technique of Ureteroureterostomy	46
6. Stress Urinary Incontinence	50
<i>Vineet Mishra</i>	
• Evaluation of Stress Urinary Incontinence	50
• Assessment of Pelvic Floor Muscles [Nice 2006, Amended 2013]	52

- *Assessment of Prolapse* 52
- *Classification of Stress Urinary Incontinence* 53
- *Management* 53

7. Semen and Oocyte Banking

61

N Sanjeeva Reddy

Semen Banking 61

- *Semen Bank Set Up* 61
- *Indications for Semen Cryopreservation* 63
- *Techniques for Cryopreservation* 63
- *Effect of Cryopreservation on Sperms* 64
- *Thawing Techniques* 64
- *Posthumous Artificial Insemination with Husband's Sperm through Semen Bank* 65
- *ICMR Guidelines for Semen Banking* 65

Oocyte Banking 66

- *Sourcing of Oocytes* 67
- *Requirements for an Oocyte Donor* 67
- *Indications for Oocyte Cryopreservation* 67
- *Indications for Donor Oocyte Program* 67
- *Types of Donor* 68
- *Evaluation of Oocyte Donors* 68
- *Methods of Oocyte Cryopreservation* 68
- *Benefits of Oocyte Cryopreservation* 68
- *Method of Frozen Donor Egg Banking* 68
- *Assisted Reproductive Technologies (Regulation) Bill, 2014* 69
- *Storage and Handling of Human Gametes* 70

SECTION 2: OBSTETRICS

8. Atosiban in Preterm Labor

73

YS Nandanwar, RV Mayekar, Sadaf Shaikh

- *Threatened Preterm* 74
- *Prediction of Preterm Labor* 77
- *Mechanism of Parturition* 79
- *Management of Preterm Labor* 80
- *Structure of Atosiban* 82

9. Prophylactic Forceps

90

Adi E Dastur, Parikshit D Tank

- *History* 90
- *Central Concept* 91
- *Definition* 91
- *Indications for Prophylactic Forceps in Modern Practice* 92
- *Instrumentation* 92
- *Prerequisites for Application* 93
- *Technique* 93
- *Criteria for Perfect Application* 93
- *Complications* 93

10. Robotics in Gynaecology	95
<i>Seema Singhal, Alka Kriplani</i>	
• The Robotic Technology: An Overview	96
• Robotic Application in Gynaecologic Surgeries	96
• The Cost Factor and Learning Curve of Robot	100
• Robotic Training	101
11. Placenta Accreta	104
<i>Niranjan Chavan, Komal Chavan, Neha Raj</i>	
• Incidence	104
• Pathogenesis	104
• Diagnosis	106
• Presentation	107
• Management	107
12. Induction of Labor	111
<i>Shirish N Daftary, Munjal J Pandya</i>	
• Common Methods of Induction of Labor	113
• Recommendations before Planning Induction of Labor	113
• Induction According to Specific Conditions	113
• Common Clinical Practices in use for Labor Induction	114
• Disadvantages and Complications	115
• Indian Experiences with Labor Induction	116
13. Ectopic Pregnancy	119
<i>Abhijit Thakur, Priya Abhijit Thakur</i>	
• Clinical Presentation	119
• Diagnosis	120
• Management	120
• Ectopic Pregnancy, Scar-related	122
• Rudimentary Horn Ectopic Pregnancy	123
• Interstitial Pregnancy	123
• Cervical Pregnancy	124
• Ovarian Pregnancy	124
• Abdominal Pregnancy	124
14. Bleeding in Early Pregnancy	126
<i>Hemant Deshpande, Umesh Sabale</i>	
• Spontaneous Abortion	127
• Luteal Phase Defect	130
• Ectopic Pregnancy	131
15. Stem Cell Therapy in Modern Practice	136
<i>Pratik Tambe</i>	
• History	136
• Definition	137
• Types of Stem Cells	137
• Characteristics	137
• Stem Cell Engraftment	137
• Applications in Obstetrics and Gynaecology	138
• Rose Trial	140

16. Placenta Previa	142
<i>Ashok Anand, Nidhi Kurkal</i>	
• Classification	142
• Physiology of the Lower Uterine Segment	144
• Etiology	144
• Investigations	146
• Management	147
17. Rhesus Isoimmunization	154
<i>Vandana Bansal, Rujul Jhaveri</i>	
• The Conquest of Rh-Isoimmunization	154
• Rh Blood Group System and the Genetics	155
• Immunoprophylaxis	158
• Serology to Detect Isoimmunization	160
• Management	162
• Treatment	167
• Time of Delivery	169
• Route of Delivery	169
• Care of the Newborn	170
18. MRI in Obstetrics	172
<i>Haresh U Doshi</i>	
• Basics of Magnetic Resonance Imaging	172
• Technique of Fetal Magnetic Resonance Imaging	174
• Use of Contrast in Obstetric MRI	180
19. Recent Advances in Contraception	183
<i>Dilip Kumar Dutta, Mriganka Mouli Saha, Indranil Dutta</i>	
• Oral Contraceptive Pill	183
• Current Starting Options for Oral Contraceptive Pill	185
• Management of Missed Pill	185
• Vaginal Ring (NUVA)	185
• Transdermal Contraceptive Patch (Ortho-Evra)	186
• Jadelle	186
• Implanon	186
• Depot Medroxyprogesterone Acetate (Antara)	186
• Recent Modification of Intrauterine Devices	187
• Intrauterine Device and Pelvic Infection	187
• Ormeloxifene	188
• Ulipristal Acetate as Emergency Contraception	188
20. T-shaped Uterus: Treatment, Fertility and Reproductive Outcomes	191
<i>Pratik Tambe, Riddhi Desai</i>	
• Background	191
• Classification and Epidemiology	191
• Noninvasive Diagnostic Modalities	192
• Surgical Management	194
• Hysteroscopic Outpatient Metroplasty to Expand Dysmorphic Uteri Technique	197
