

Contents

1. Introduction

1

Evolution, Ethics and Trends of Medical and Surgical Nursing 1;
Current Trends in the Nursing Profession 1; Trends in Medical-Surgical Nursing 3;
Ethics in Medical-Surgical Nursing 3; Comprehensive Nursing Care 3;
Role of Nurse, Patient and Family in Care of Adult Patient 3; Inflammation 4;
Wound Healing 6; Role of Nurse in Intraoperative Phase 9;
Role of Nurse in Postoperative Phase 9; General Instructions for the Wound Dressing 11;
Nurse's Responsibility in the Wound Dressing 12;
Alternative Therapy used to Treat Medical-Surgical Disorders 13

2. Intraoperative Care

17

Organization and Physical Setup of Operation Theater 17; Physical Layout the Operating Room 18;
Staffing 19; Policy and Procedures 19; Role and Responsibilities of OT Nurse 19;
Position and Draping of Common Surgical Procedures 21; Instruments used in Surgical Procedure 21;
Suture and Suture Materials 24; Disinfection and Sterilization of Equipment 26;
Prevention of Accidents and Hazards in OT 28; Anesthesia 28; Propofol 29; Cocaine 30;
Muscle Relaxants (Depolarizing Agents) 31; Baclofen 32; Succinylcholine Chloride 32

3. Nursing Management of Patient with Common Signs and Symptoms

34

Fluid and Electrolyte Imbalances 34

Normal Serum Electrolyte Values 34; Sodium 34; Potassium 35; Calcium 36;
Magnesium 36; Phosphate (Po_4^{3-}) 36

Vomiting 36

Etiology 37; Management 37

Dyspnea 38

Management 38

Fever 38

Nursing Management 38

Shock 39

Etiology and Pathophysiology 39; Stages of Shock 40; Diagnostic
Evaluation 40; Management 40; Collaborative Care 40; Nursing Management 41

Unconsciousness and Syncope 42

Levels of Unconsciousness 42; Etiology 42; Management 42; Nursing Diagnosis 42;
Nursing Interventions 42

Incontinence 43

Types and Etiology 43; Management 43

Edema 44

Types 44; Clinical Manifestations 44

Treatment 44

4. Nursing Management of Patient with Respiratory Disorders**45**

Review of Anatomy and Physiology 45; Introduction 47; Respiratory Failure 47;
 Care of Patient on Ventilator 52; Nursing Care of Ventilated Patient 54;
 Nursing Care Plan for the Ventilated Patient 62; Acute Respiratory Distress Syndrome (ARDS) 62;
 Pulmonary Hypertension 66; Cor Pulmonale 70; Bronchitis 72;
 Chronic Obstructive Pulmonary Disease (COPD) 74; Asthma 81; Pneumonia 84;
 Bronchiectasis 88; Interstitial Lung Disease 90; Silicosis 93; Asbestosis 95;
 Coal Worker's Pneumoconiosis 96; Restrictive Lung Diseases 97; Pulmonary Stenosis 99;
 Pulmonary Embolism 102; Pneumothorax 104; Hemothorax 105; Pyothorax or Empyema 106;
 Pleural Effusion 107; Tuberculosis 108; Chest Injuries 110; Rib Fracture 112;
 Flail Chest 112; Sternal Fracture 113; Pulmonary Contusion 113; Pulmonary Laceration 114;
 Tracheobronchial Injury 115

5. Nursing Management of Patient with Gastrointestinal System**117**

Review of Anatomy and Physiology 117; Gastroesophageal Reflux Disease (GERD) 120;
 Hiatal Hernia 122; Peptic Ulcers 123; Appendicitis 128; Hemorrhoids 129;
 Gastrointestinal Bleeding 131; Irritable Bowel Syndrome (IBS) 134; Esophageal Varices 135;
 Portal Hypertension 137; Cholelithiasis 139; Cholecystitis 141; Liver Cirrhosis 142;
 Pancreatitis 149; Intestinal Obstruction 154; Crohn's Disease 157; Abdominal Hernia 162;
 Hepatitis 164; Comparison of Major forms of Viral Hepatitis 166; Non-viral Hepatitis 169

6A. Nursing Management of Patient with Cardiovascular Problems**171**

Review of Anatomy and Physiology of Heart 172; Coronary Artery Disease 174;
 Angina Pectoris 175; Cardiomyopathy 189; Congestive Heart Failure 191;
 Ischemic Heart Disease 195; Endocarditis 198; Myocarditis 200; Pericarditis 202;
 Rheumatic Heart Disease 206; Valvular Heart Disease 209; Arteriosclerotic Vascular Disease 212;
 Arrhythmia 216; Heart Blocks 219; Bundle Branch Block 225;
 SADS (Sudden Arrhythmic Death Syndrome) 227;
 ECG- Electrical Conduction, Basic ECG, 12 Lead ECG, Axis Determination 230;
 Electrocardiography (ECG) 231; Aortic Aneurysm 240; Thoracic Aortic Aneurysm 242;
 Abdominal Aortic Aneurysm 242; Dissecting Aorta 243; Raynaud's Phenomenon 245

6B. Nursing Management of Patient with Cardiovascular Emergencies**249**

Cardiovascular Emergencies 249; Cardiopulmonary Arrest 250;
 Ventricular Tachycardia or Ventricular Fibrillation 251; Pulseless Electrical Activity 252;
 Bradycardia 252; Asystole 252; Hypertensive Emergency 252; Air Embolism 253;
 Cardiac Tamponade 255

6C. Nursing Management of Patient with Vascular Diseases**257**

Introduction 257; Definition 257; Diagnosis 257; Nursing Management 258;
 Common Vascular Disorders 258; Hypertension 267; Hypertensive Crisis 269;
 Hypotension 271; Chronic Venous Insufficiency 275

7. Nursing Management of Patient with Blood Disorder**280**

Review of Anatomy and Physiology 280; Anemia 281; Iron Deficiency Anemia 281;
 Megaloblastic Anemia 282; Vitamin B₁₂ Deficiency 283; Folic Acid Deficiency Anemia 283;

Aplastic Anemia 284; Hemolytic Anemia 285; Polycythemia Vera 288;
Multiple Myeloma 291; Leukemia 294; Disseminated Intravascular Coagulation (DIC) 297;
Hemophilia (Factor VIII Deficiency) 299; Lymphomas 300; Thalassemia 302;
Blood Transfusion 303

8. Nursing Management of Patient with Endocrine System

306

Review of Anatomy and Physiology 306

Hypothyroidism 307

Causes 307; Classification 308; Pathophysiology 308; Signs and Symptoms 308;
Diagnostic Evaluation 309; Medical Management 309; Complications 309;
Nursing Management 310

Hyperthyroidism 311

Etiology 311; Pathophysiology 311; Signs and Symptoms 311; Complications 311;
Clinical Features 312; Diagnostic Evaluation 312; Management 312;
Nursing Management 313

Thyroiditis 314

Etiology 314; Signs and Symptoms 315; Diagnostic Evaluation 315; Management 315

Hypoparathyroidism 315

Etiology 315; Risk Factors 315; Signs and Symptoms 315; Diagnostic Evaluation 315;
Complications 316; Management 316; Nursing Management 317

Hyperparathyroidism 317

Etiology 317; Risk Factors 317; Signs and Symptoms 317; Diagnostic Evaluation 317;
Complications 318; Management 318; Nursing Management 318

Cushing Syndrome and Addison Disease 319

Cushing Syndrome 319

Etiology 319; Pathophysiology 320; Signs and Symptoms 320; Complications 320;
Diagnostic Evaluation 321; Management 321; Nursing Management 323

Addison's Disease (Adrenal Insufficiency) 323

Etiology 324; Pathophysiology 324; Signs and Symptoms 324; Diagnostic Evaluation 324;
Management 325; Management of Addisonian Crisis 325; Nursing Management 325

Diabetes Mellitus, Ketoacidosis and Diabetic Hyperosmolar Syndrome 326

Pathophysiology of DM 326; Signs and Symptoms 326; Diagnostic Evaluation 326;
Complications 327; Management 328; Nursing Management 329

9. Nursing Management of Patient with Integumentary Disorders

331

Review of Anatomy and Physiology 331

Pemphigus 331

Etiology 332; Signs and Symptoms 332; Diagnostic Evaluation 332; Management 333

Psoriasis 333

Etiology 333; Signs and Symptoms 333; Types of Psoriasis 333; Risk Factors 334;
Diagnostic Evaluation 334; Management 334; Complications 335; Nursing Management 336

Dermatitis (Eczema) 336

Etiology 336; Signs and Symptoms 337; Diagnostic Evaluation 337;
Management 337; Nursing Management 338

Cellulitis 338

Etiology and Risk Factors 338; Signs and Symptoms 338; Management 339;
Nursing Interventions 339

Acne Vulgaris 339

Etiology 339; Signs and Symptoms 339; Nursing Care 339; Management 339

Shingles (Varicella-Zoster) 340

Etiology and Risk Factors 340; Signs and Symptoms 340; Diagnostic Evaluation 340;
Management 340

Scabies 340

Etiology 340; Signs and Symptoms 340; Diagnostic Evaluation 341; Management 341

Cold Sore 341

Etiology 341; Signs and Symptoms 341; Management 341

Impetigo 341

Etiology 342; Signs and Symptoms 342; Management 342

Warts 342

Types of Warts 342; Management 343

Alopecia 343

Etiology 343; Diagnostic Evaluation 343; Treatment 343; Nursing Management 344

10. Nursing Management of Patient with Musculoskeletal Disorders**345**

Review of Anatomy and Physiology 345

Osteoarthritis 346

Risk Factors 346; Pathophysiology 346; Signs and Symptoms 346; Pathophysiology 347;
Diagnostic Evaluation 347; Management 347; Nursing Management 349

Osteomyelitis 349

Modes of Transmission 349; Pathophysiology 349; Causes and Risk Factors 349;
Signs and Symptoms 350; Diagnostic Evaluation 350; Medical Management 350;
Surgical Management 350; Nursing Management 350

Rheumatoid Arthritis 350

Etiology and Risk Factors 351; Pathophysiology 351; Clinical Manifestations 351;
Complications 351; Diagnostic Evaluation 351; Treatment 351; Surgical Management 351;
Nursing Management 352

Osteoporosis 352

Etiology and Risk Factors 352; Clinical Manifestations 352; Pathophysiology 352;
Diagnostic Evaluation 352; Management 353; Nursing Management 353

Osteomalacia 354

Etiology 354; Signs and Symptoms 354; Pathophysiology 354; Diagnostic Evaluation 354;
Management 355; Nursing Management 355

Pott's Disease 355

Etiology and Pathophysiology 355; Signs and Symptoms 355; Diagnostic Evaluation 356;
Management 357; Nursing Management 357

Amputation and Prosthesis 357

Types of Amputation 357; Levels of Amputation 358; Amputation Recovery 358

Prosthesis 358

Types of Prosthesis 358; Nursing Management 359

Osteitis Deformans (Paget's Disease) 360

Etiology 361; Pathophysiology 361; Signs and Symptoms 361;
Diagnostic Evaluation 361; Management 361; Complications 362;
Nursing Management 362

Prolapsed Lumbar Disc (Herniated Ruptured Disc) 362

Etiology 362; Pathophysiology 362; Signs and Symptoms 362;
Diagnostic Evaluation 363; Pharmacological Management 364;
Nursing Management 365

Types of Surgeries in Muscular Skeleton System 365**11. Communicable Disease****369****Tuberculosis 369**

Etiology 370; Risk Factor 370; Types 370; Pathophysiology 370;
Signs and Symptoms 370; Diagnostic Evaluation 371; Management 371;
Nursing Management 371; Health Education 372; Complications 372

Hepatitis 372

Pathophysiology 372; Types of Hepatitis 373; Diagnostic Evaluation 374;
Self-Care at Home 375; Management 375; Preventive Measures 376;
Non-viral Hepatitis 377; Toxic Hepatitis 377; Drug Induced Hepatitis 377;
Fulminant Hepatitis 377

Chickenpox 378

Agent 378; Symptoms 378; Contacts 379

Small Pox 379**Typhoid Fever 380**

Prevention-Education 380

Meningitis 381

Etiology and Types 381; Pathophysiology 381; Clinical Manifestations 381;
Signs and Symptoms 381; Complications 381; Management 382;
Nursing Management 382

Leprosy 383

Antileprosy Drugs 384

Diphtheria 384**Dengue 385****Plague 385**

Case of Pneumonic Plague 386

Malaria 386**Pertussis (Whooping Cough) 387****Poliovirus Infection 387****Measles 388****Influenza 389****Tetanus 389**

Yellow Fever 389

Reporting Procedures 390; Control of Case, Contacts and Carriers 390;
Prevention-Education 390

Human Immunodeficiency Virus (HIV) 390

Pathophysiology of HIV 390; Cycle of HIV Virus 390; Stages of HIV 392;
Factor Affecting the HIV Progression 392; Signs and Symptoms 393;
Diagnostic Evaluation 395; Transmission of HIV Virus 396; How the HIV Spread? 396;
Signs and Symptoms of HIV 396; Progression from HIV to Aids Symptoms 397;
Management and Prevention from HIV 397; Management of HIV 397;
Nursing Management 398
