

Contents

Section 1: Anatomy, Physiology and Pathology

1. **Anatomy and Physiology of Ear** 1
 - Anatomy of Ear 1
 - Physiology of Hearing 15
2. **Anatomy and Physiology of Auditory Tube** 23
 - Anatomy of Auditory Tube 23
 - Physiology of Auditory Tube 25
 - Examination of Auditory Tube 25
3. **Anatomy and Physiology of Nose and Paranasal Sinuses** 27
 - Anatomy of Nose 27
 - Anatomy of Paranasal Sinuses 33
 - Physiology of Nose 36
 - Physiology of Paranasal Sinuses 37
4. **Anatomy and Physiology of Oral Cavity and Salivary Glands** 42
 - Oral Cavity 42
 - Salivary Glands 44
5. **Anatomy and Physiology of Pharynx** 47
 - Pharynx 47
 - Nasopharynx 49
 - Oropharynx 50
 - Laryngopharynx (Hypopharynx) 53
 - Esophagus 54
 - Physiology of Swallowing 54
6. **Anatomy and Physiology of Larynx** 57
 - Anatomy of Larynx 57
 - Functions of Larynx 63
7. **Anatomy of Head** 67
 - Skull 67
 - Temporal Bone 68
 - Frontal Bone 69
 - Maxilla 70
 - Sphenoid Bone 70
 - Ethmoid Bone 70
 - Pterygopalatine Fossa 70
 - Mandible 71
 - Cranial Nerves 72
8. **Anatomy of Neck** 76
 - Surface Anatomy of Neck 76
 - Triangles of Neck 78
 - Cervical Fascia 78
 - Lymph Nodes of Head and Neck 79
 - Neck Dissection 82

9. **Pathophysiology** 85
 - Infections/Microorganisms 85
 - Allergy and Immunology 88
 - Tumor Biology 91

Section 2: Clinical Skills and Diagnostic and Therapeutic Procedures in ENT

10. **History and Examination—General Set-Up** 95
 - Otorhinolaryngology—Introduction 95
 - History Taking 96
 - Physical Examination 97
 - General Set-Up 97
 - Outpatient Department Instruments 98
11. **Otologic Symptoms and Examination** 102
 - Ear Symptoms 102
 - Physical Examination of Ear 102
 - Otoscopy 104
 - Siegelization (Pneumatic Otoscopy) 105
 - Otoscopic Examination in Children 106
 - Otomicroscopic Examination 106
 - Examination of Eustachian Tube 107
 - Functional Examination of Ear 107
 - Otolgia (Earache) 107
 - Otorrhea 109
 - Ear Polyp 111
 - Tinnitus 111
12. **Hearing Evaluation** 116
 - Audiology and Acoustics 116
 - Methods of Hearing Evaluation 118
 - Tuning Fork Hearing Tests 119
 - Pure Tone Audiometry 120
 - Speech Audiometry 123
 - Impedance Audiometry/Tympanometry 123
 - Brainstem-Evoked Response Audiometry 125
 - Otoacoustic Emissions 126
 - Auditory Steady State Response 126
13. **Hearing Loss—Principles of Management** 129
 - Pathophysiology of Hearing Loss/Deafness 129
 - History Taking in Cases of Hearing Loss 130
 - Conductive Hearing Loss 131
 - Sensorineural Hearing Loss 133
14. **Nasal Symptoms and Examination** 136
 - History Taking 136
 - Examination 137
 - Diagnostic Nasal Endoscopy 140
 - Nasal Obstruction 142

15. Oral Symptoms and Examination	145
• History Taking and Examination of Oral Cavity 145	
• Screening of Premalignant and Malignant Lesions 147	
16. Pharyngeal Symptoms and Examination	150
• Evaluation of Pharynx 150	
• Nasopharynx 150	
• Oropharynx 151	
• Throat Examination in Children 152	
• Evaluation of Esophagus 153	
• Dysphagia 154	
17. Smell and Taste	157
• Olfaction 157	
• Gustation 159	
• Chemosensory System 161	
18. Topical Medications in Otorhinolaryngology	163
• Ear Drops 163	
• Topical Nasal Medicines 164	
• Topical Oral and Throat Medicines 165	
19. Laryngeal Symptoms and Examination	166
• Laryngeal Symptoms and Clinical Examination 166	
• Endoscopic Examination of Larynx 168	
• Hoarseness of Voice 169	
20. Neck Symptoms and Examination	172
• Neck Symptoms and Examination 172	
• Examination of Lymph Nodes of Neck 173	
• Clinical Features of Common Neck Lesions 174	
• Diagnostic Tests for the Neck Swellings 174	
21. Diagnostic Imaging	176
• Conventional Radiology 176	
• Computerized Tomography 179	
• Magnetic Resonance Imaging 180	
• Positron Emission Tomography 180	
• Interventional Radiology 181	
• Applications of CT, MRI and Ultrasound 181	
• CT Anatomy of Ear, Nose, Throat, Head and Neck 181	
• CT and MRI Criteria for Secondary Neck Nodes 181	
22. Microbiological and Histological Investigations	186
• Microbiological Investigations in Ear, Nose and Throat 186	
• Histopathological Investigations in Ear, Nose and Throat 189	
23. Human Immunodeficiency Virus Infection	192
• Human Immunodeficiency Virus/Acquired Immunodeficiency Syndrome 192	
• Ear, Nose, Throat, Head and Neck Manifestations of HIV/AIDS 194	

Section 3: Community Medicine

24. Health Hazards of Air, Water, Noise, Radiation and Pollution	197
• Air Pollution 197	

- Water Pollution 198
- Noise Pollution 199
- Radiation 200

25. National Programs for Prevention of Deafness, Cancer, Noise and Environmental Pollution	206
• Prevention and Control of Deafness 206	
• Prevention and Control of Noise Pollution 208	
• National Programs for Prevention and Control of Cancer 209	
• National Programs for Prevention and Control of Environmental Pollution 211	

Section 4: Attitude, Ethics and Communication (AETCOM)

26. Informed Consent	215
• Informed Consent 215	
27. Counseling	219
• Oral Cancer 219	
• Tobacco Use 220	
• Tobacco Control Legislation 221	
• Harmful Use of Alcohol 221	
• Counseling 221	

Section 5: Emergencies in Otorhinolaryngology (ENT)

28. Foreign Bodies in Ear, Nose and Throat	227
• Foreign Bodies Ear 227	
• Foreign Bodies Nose 228	
• Rhinolith 228	
• Foreign Bodies Food Passage 229	
• Foreign Bodies Respiratory Passage 231	
29. Epistaxis	234
30. Stridor and Airway Emergencies	240
• Stridor 240	
• Airway Emergencies 243	
31. Tracheostomy	248
• Tracheostomy 248	
• Tracheostomy Tubes 253	
• Cricothyrotomy (Laryngotomy or Coniotomy) 254	
• Percutaneous Dilational Tracheostomy 254	
32. Kerosene Ingestion	256
• Kerosene 256	
• Kerosene Ingestion/Poisoning 257	

Section 6: Management of Diseases of Ear

33. Diseases of the External Ear	259
• Disorders of Auricle 259	
• Disorders of External Auditory Canal 262	
• Disorders of External Ear Involving Tympanic Membrane 267	

34. Acute Otitis Media and Otitis Media with Effusion	270	• Acute Otitis Media 271 • Recurrent Acute Otitis Media 274 • Acute Necrotizing Otitis Media 274 • Otitis Media With Effusion (Nonsuppurative OM) 275 • Aero-Otitis Media (Otitic Barotrauma) 276
35. Chronic Suppurative Otitis Media and Cholesteatoma	279	• Atelectasis and Adhesive Otitis Media 279 • Chronic Suppurative Otitis Media 281 • Atticoantral CSOM or Cholesteatoma 282 • Tubotympanic (Mucosal) CSOM or CSOM Without Cholesteatoma 287
36. Sensorineural Hearing Loss	291	• Labyrinthitis 291 • Ototoxicity 291 • Noise Trauma 292 • Sudden Sensorineural Hearing Loss 293 • Presbycusis 295 • Genetic Sensorineural Hearing Loss 297 • Immune-Mediated Sensorineural Hearing Loss 297 • Degree of Hearing Loss 297 • The Only Hearing Ear 298 • Nonorganic Hearing Loss 298
37. Otosclerosis	300	• Otosclerosis 300 • Stapedectomy/Stapedotomy 303
38. Facial Nerve and its Disorders	306	• Pertinent Anatomy of Facial Nerve 306 • Clinical Evaluation of Facial Palsy 308 • Pathophysiology of Facial Nerve Injury 308 • Differences Between Upper and Lower Motor Neuron Palsy 309 • Investigations in Facial Nerve Palsy 310 • Causes of Facial Nerve Paralysis 311 • Sequelae/Complication of Facial Nerve Palsy 312 • Bell's Palsy 312 • Ramsay Hunt Syndrome or Herpes Zoster Oticus (Varicella-Zoster Virus) 314 • Temporal Bone Fracture 314 • Moebius Syndrome 314 • Iatrogenic or Surgical Trauma 314 • Hyperkinetic Disorders of Facial Nerve 315 • Surgical Treatment of Facial Nerve Palsy 316
39. Evaluation of Dizzy Patient	319	• Evaluation of Dizzy Patient—General Outline 319 • Spontaneous Nystagmus 321 • Vestibulo-Ocular Reflex 321 • Fistula Test 322 • Valsalva Maneuver 322 • Dix-Hallpike Positional Test 322 • Rotation Test 323 • Investigations in Dizzy Patient 323 • Caloric Test 323 • Vestibulospinal Tests 324 • Cerebellar Tests 324 • Hyperventilation 324 • Orthostatic Hypotension 324 • Special Vestibular Investigations 324 • Differences between Central and Peripheral Vertigo and Nystagmus 326
40. Vestibular Disorders Including Meniere's Disease	328	• Peripheral Vestibular Disorders 328 • Central Vestibular Vertigo 335
Section 7: Management of Diseases of Nose and Paranasal Sinuses		
41. Acute and Chronic Rhinosinusitis	339	• Infections of Nasal Vestibule 339 • Rhinosinusitis 340 • Complications of Rhinosinusitis (Sinusitis) 350 • Atrophic Rhinitis (Ozena) 352
42. Nasal Polyps	356	• Nasal Polyps 356 • Hypertrophied Turbinates 359 • Rhinosporidiosis 359 • Fungal Sinusitis 360
43. Allergic Rhinitis and Atopic Dermatitis	363	• Allergic Rhinitis 363 • Allergic Rhinitis in Children 369 • Atopic Dermatitis in Children 370
44. Vasomotor Rhinitis	374	• Nonallergic Rhinitis (Vasomotor Rhinitis) 374 • Types of Nonallergic Rhinitis 374 • Idiopathic or Vasomotor Rhinitis 375
45. Disorders of Nasal Septum	378	• Fracture of Nasal Septum 378 • Deviated Nasal Septum 379 • Septal Hematoma 380 • Septal Abscess 381 • Perforation of Nasal Septum 381 • Nasal Synechia 381 • Choanal Atresia 382
46. Trauma to Face and Neck	384	• General Principles of Management 384 • Maxillofacial Injuries 385 • Fracture of Nasal Bones and Septum 386 • Zygoma (Tripod Fracture) 387 • Orbit (Blow-Out) Fracture 388 • Nasomaxillary Complex (Le Fort) Fractures 389 • Fracture of Mandible 389 • Laryngotracheal Trauma 390
47. Tumors of Nose and Paranasal Sinuses	394	• Benign Tumors of Nose and Paranasal Sinuses 395 • Sinonasal Malignant Tumors 396

- Malignancy of Maxillary Sinus 399
- Malignancy of Ethmoid Sinus 400
- Malignancy of Frontal Sinus 400
- Malignancy of Sphenoid Sinus 400
- Olfactory Neuroblastoma 400

Section 8: Management of Diseases of Oral Cavity and Salivary Glands

- 48. Oral Mucosal Lesions 403**
- Red/White Lesions (Precancerous Lesions) 403
 - Vesiculobullous/Ulcerative Lesions 408
 - Lesions of Tongue 411
- 49. Neoplasms of the Oral Cavity 413**
- Benign Tumors of Oral Cavity 413
 - Carcinoma of Oral Cavity 415
 - Carcinoma Lip 419
 - Carcinoma Gingiva/Alveolar Ridge 420
 - Carcinoma Oral Tongue 420
 - Carcinoma Floor of Mouth 421
 - Carcinoma Buccal Mucosa 422
 - Carcinoma Hard Palate 423
 - Carcinoma Retromolar Trigone 423
 - Kaposi's Sarcoma 423
- 50. Disorders of Salivary Glands 425**
- Diseases of Salivary Glands 425
 - Infections of Salivary Glands 426
 - Granulomatous Lesions of Salivary Glands 429
 - Obstructive Disorders of Salivary Glands 430
 - Neoplasms of Salivary Glands 431
 - Benign Tumors of Salivary Glands 432
 - Malignant Tumors of Salivary Glands 433
 - Miscellaneous Disorders of Salivary Glands 433

Section 9: Management of Diseases of Pharynx and Esophagus

- 51. Pharyngitis and Adenotonsillar Disease 437**
- Pharyngitis and Tonsillitis 437
 - Adenoids 442
 - Nasopharyngitis 445
- 52. Abscesses in Relation to Pharynx (Deep Neck Infections) 447**
- Abscesses in Relation To Pharynx 447
 - Peritonsillar Abscess (Quinsy) 450
 - Parapharyngeal Space Abscess or Pharyngomaxillary Abscess or Lateral Pharyngeal Space Abscess 451
 - Acute Retropharyngeal Abscess 452
 - Chronic Retropharyngeal Abscess or Prevertebral Space Abscess 452
 - Ludwig's Angina 452

- Masticator Space Abscess 453
- Trismus 454

- 53. Tumors of Nasopharynx 455**
- Tumors of Nasopharynx 455
 - Juvenile Nasopharyngeal Angiofibroma 456
 - Nasopharyngeal Carcinoma 458
 - Teratomas 461
 - Thornwaldt's Disease (Pharyngeal Bursitis) 461
- 54. Oropharyngeal Tumors 463**
- Malignant Tumors of Oropharynx 463
 - Carcinoma Base of Tongue 467
 - Carcinoma Tonsil 467
 - Carcinoma of Soft Palate 468
 - Carcinoma of Posterior Pharyngeal Wall 468
 - Benign Swellings of Oropharynx 468
 - Parapharyngeal Tumors 469
 - Stylogia (Eagle's Syndrome) 469
- 55. Malignancy of Hypopharynx 470**
- Cancer of Hypopharynx (Laryngopharynx) 470
 - Carcinoma Pyriform Sinus 473
 - Carcinoma Postcricoid 473
 - Carcinoma Posterior Pharyngeal Wall 474
- 56. Disorders of Esophagus 476**
- Perforation of Esophagus 476
 - Corrosive Burns 477
 - Gastroesophageal Reflux Disease 478
 - Benign Strictures 479
 - Hiatus Hernia 479
 - Schatzki Ring 479
 - Plummer-Vinson (Paterson Brown-Kelly) Syndrome 479
 - Cricopharyngeal Spasm 480
 - Diffuse Esophageal Spasm 480
 - Nutcracker Esophagus 480
 - Cardiac Achalasia 480
 - Scleroderma or Progressive Systemic Sclerosis/Crest 480
 - Zenker's Diverticulum 481
 - Globus Hystericus Pharyngeus 481
 - Benign Neoplasms 481
 - Carcinoma Esophagus 482

Section 10: Management of Diseases of Larynx

- 57. Acute and Chronic Laryngitis 485**
- Acute Laryngitis 485
 - Acute Laryngotracheobronchitis (Croup or Laryngotracheitis) 486
 - Pediatric Epiglottitis 487
 - Laryngeal Diphtheria 488
 - Chronic Nonspecific Laryngitis 488
 - Laryngopharyngeal Reflux 489
 - Atrophic Laryngitis (Laryngitis Sicca) 490
 - Tuberculosis of Larynx 490
 - Rhinoscleroma 490
 - Edema of Larynx 491

58. Benign Tumors of Vocal Cord	492	• Non-Neoplastic Swellings of Vocal Cord Mucosa 492 • Vocal Nodules (Singer's or Screamer's Nodules) 493 • Vocal Cord Polyp 493 • Reinke's Edema (Bilateral Diffuse Polyposis) 493 • Contact Ulcer or Granuloma 494 • Vocal Cord Scars or Sulcus Vocalis 494 • Intubation Granuloma 494 • Leukoplakia or Keratosis 494 • Saccular Swellings of Larynx 495 • Recurrent Respiratory Papillomatosis 496 • Hemangioma of Larynx 497 • Phonomicrosurgery 497
59. Neurological Disorders of Larynx	499	• Neurological Disorders of Larynx 499 • Unilateral Recurrent Laryngeal Nerve Paralysis 500 • Bilateral Recurrent Laryngeal Nerve (Abductor) Paralysis 501 • Unilateral Superior Laryngeal Nerve Paralysis 501 • Bilateral Superior Laryngeal Nerve Paralysis 502 • Unilateral Combined (Complete) Paralysis of Recurrent and Superior Laryngeal Nerve 502 • Bilateral Combined (Complete) Paralysis of Recurrent and Superior Laryngeal Nerve 502 • Congenital Vocal Cord Paralysis 503 • Phonosurgery 503
60. Malignancy of the Larynx	505	• Glottic Cancer 509 • Supraglottic Cancer 510 • Subglottic Cancer 511 • Organ Preservation therapy 511 • Postlaryngectomy Vocal Rehabilitation 511
Section 11: Operative Instruments and Procedures		
61. Surgical Instruments	513	• Mastoid and Ear Microsurgery 513 • Surgeries of Nose and Paranasal Sinuses 514
		• Mouth Gags and Retractors 517 • Adenotonsillectomy 518 • Endoscopes 520
62. Myringotomy and Myringoplasty	522	• Myringotomy and Tympanostomy Tubes (Grommet) 522 • Tympanoplasty 524 • Myringoplasty 525 • Ossiculoplasty 526
63. Mastoidectomy	528	• Mastoidectomy 528 • Cortical Mastoidectomy 529 • Radical Mastoidectomy 531 • Modified Radical Mastoidectomy 532
64. Operations of Nose and Paranasal Sinuses	535	• Operations of Nose and Paranasal Sinuses 535 • Endoscopic Sinus Surgery 536 • Antral Puncture or Proof Puncture 538 • Caldwell-Luc Operation 539 • Surgery of Nasal Septum 539 • Submucous Resection of Nasal Septum 541 • Endonasal Septoplasty 541
65. Adenotonsillectomy	544	• Preoperative Assessment of Adenotonsillectomy 544 • Indications for Tonsillectomy 544 • Indications for Adenoidectomy 545 • Contraindications for Tonsillectomy/Adenoidectomy 545 • Surgical Techniques of Adenotonsillectomy 545 • Preoperative Preparations for Adenotonsillectomy 546 • Anesthesia for Adenotonsillectomy 546 • Position of Patient for Adenotonsillectomy 546 • Surgical Instruments for Adenotonsillectomy 546 • Operative Steps of Adenotonsillectomy 546 • Postoperative Care of Adenotonsillectomy 548 • Inpatient Versus Outpatient Adenotonsillectomy 548 • Complications of Adenotonsillectomy 548
<i>Appendix</i>	<i>551</i>	
<i>Index</i>	<i>559</i>
