PART 1: GENERAL

Section 1: General Principles

- | | |
|---|----|
| 1. Principles of Clinical Practice in the NHS | 3 |
| 2. General Principles of Surgery | 21 |

PART 2: OBSTETRICS

Section 2: Antenatal Period

- | | |
|--|----|
| 3. Routine Antenatal Care | 43 |
| 4. Biochemical and Ultrasound Screening for Foetal Anomalies | 49 |
| 5. Invasive and Non-invasive Prenatal Diagnosis | 55 |
| 6. Tests for Foetal Well-Being | 65 |
| 7. Genetic Disorders | 71 |

Section 3: Medical Disorders during Pregnancy

- | | |
|--|-----|
| 8. Hypertensive Disorders during Pregnancy | 85 |
| 9. Cardiac Disease in Pregnancy | 101 |
| 10. Thyroid Disorders during Pregnancy | 106 |
| 11. Connective Tissue Disorders (Autoimmune Disorders) | 111 |
| 12. Respiratory Diseases in Pregnancy | 119 |
| 13. Epilepsy and Other Neurological Disorders | 125 |
| 14. Hepatic and Gastrointestinal Diseases | 132 |
| 15. Anaemia and Other Haematological Abnormalities | 140 |
| 16. Thromboembolic Disorders in Pregnancy and Puerperium | 154 |
| 17. Diabetes Mellitus and Gestational Diabetes | 167 |
| 18. Abdominal Pain during Pregnancy | 177 |
| 19. Varied Malignancies during Pregnancy | 180 |
| 20. Dermatological Disorders during Pregnancy | 193 |
| 21. Renal Disease during Pregnancy | 198 |
| 22. Maternal Infection during Pregnancy | 203 |
| 23. Smoking during Pregnancy | 237 |
| 24. Alcohol and Drug Usage during Pregnancy | 242 |

Section 4: Complications Specific to Pregnancy

- | | |
|---|-----|
| 25. Multifoetal Gestation | 255 |
| 26. Preterm Labour and Premature Rupture of Membranes | 266 |
| 27. Antepartum Haemorrhage | 278 |
| 28. Rhesus Isoimmunisation | 294 |
| 29. Abnormal Presentation | 304 |
| 30. Intrauterine Death | 330 |
| 31. Recurrent Miscarriage | 336 |

32. Pregnancy after Previous Caesarean Delivery	345
33. Post-term Pregnancy (Prolonged Pregnancy)	352
34. Liquor Abnormalities	355
35. Maternal Mortality	360
36. Medications during Pregnancy	368
Section 5: Complications in the Early Pregnancy	
37. Ectopic Pregnancy	379
38. Spontaneous Miscarriage	394
39. Gestational Trophoblastic Neoplasia	404
Section 6: Foetal Complications (Diagnosis and Management)	
40. Foetal Growth Restriction	415
41. Foetal Infection	424
42. Non-immune Foetal Hydrops	433
43. Foetal Anomalies and their Management	438
Section 7: Intrapartum Period	
44. Normal and Abnormal Progress of Labour	449
45. Induction of Labour	460
46. Anaesthesia and Analgesia in Labour	465
47. Perineal Injuries	471
Section 8: Delivery and Its Complications	
48. Caesarean Delivery	479
49. Instrumental Vaginal Delivery	491
50. Shoulder Dystocia	503
51. Antepartum and Intrapartum Foetal Asphyxia	510
Section 9: Postpartum Period	
52. Postpartum Haemorrhage	525
53. Maternal Collapse during Pregnancy and Postpartum Period	534
54. Puerperal Pyrexia	543
55. Psychiatric Disorders in the Puerperium (Mood Disturbances)	548
56. Problems with Breastfeeding	553
Section 10: The Newborn Infant	
57. Asphyxia Neonatorum	559
58. Care of a Newborn Child	565
59. Perinatal Mortality	573

PART 3: GYNAECOLOGY

Section 11: General Gynaecology

60. Normal and Abnormal Embryological Development	579
61. Karyotypic Abnormalities	587
62. Menstrual Cycle	591
63. Adolescent and Paediatric Gynaecology	597
64. Menopause and Hormone Therapy	604
65. Injuries of the Female Genital Tract and Female Genital Mutilation	612
66. Child Abuse, Sexual Assault, and Rape	620
67. Dyspareunia and Other Psychosexual Problems	626

Section 12: Abnormalities of Menstruation

68. Abnormal Uterine Bleeding	633
69. Uterine Leiomyomas	640
70. Dysmenorrhoea and Pelvic Pain	650
71. Premenstrual Syndrome	654
72. Chronic Pelvic Pain and Endometriosis	660
73. Adenomyosis	670

Section 13: Reproductive Medicine

74. Normal Conception	677
75. Primary and Secondary Amenorrhoea	683
76. Male Infertility	692
77. Female Infertility	698
78. Polycystic Ovarian Disease	709
79. Hirsutism	718
80. Assisted Reproductive Techniques	725
81. Primary Ovarian Insufficiency	733
82. Fertility Preservation	737
83. Unexplained Infertility	741

Section 14: Urogynaecological and Pelvic Floor Abnormalities

84. Urogenital Prolapse	747
85. Urinary Incontinence	761
86. Urinary Tract Infection and Bladder Pain Syndrome	771

Section 15: Gynaecological Oncology

87. Endometrial Cancer	779
88. Ovarian Neoplasia (Benign and Malignant)	788
89. Cervical Intraepithelial Neoplasia	801
90. Invasive Cervical Cancer	814
91. Rare Cancers of the Female Genital Organs	824
92. Vulvar Cancer	829

Section 16: Lower Genital Tract Problems

93. Sexually Transmitted Infections	839
94. Vaginal Discharge	846
95. Pelvic Inflammatory Disease	853
96. Benign Vulvar Problems and Vulval Pain Syndromes	859

Section 17: Pregnancy Prevention

97. Contraception (Temporary and Permanent)	871
98. Medical Termination of Pregnancy	894
